The *Kings* of the **Parthians** and **Perſians** after the Overthrow of the **Arſacidae.**

I. **Arſaces** ARTAXERXES, or **Artaxares**, born of a ſcandalous Concubination, and of mean Parents, having by a Conſpiracy rais'd an Army, and ſlain ARTABANUS the laſt King of the **Parthians**, he reſtor'd the Government of the Eaſt to the **Perſians**, in the Time of *Severus* ALEXANDER the *Roman* Emperor, and he reign'd 14 Years and 10 Months. Yet to pleaſe the *Parthians* he would alſo be call'd **Arſaces.**

* * *

II. SAPORES I. took up Arms againſt **Gordianus** III. the *Roman* Emperor, granted Peace to **Philip** the *Arabian* General, took the *Emperor* **Valerianus** Priſoner in Battel, and, after various Reproaches, and making him his *Footſtool* when he mounted his Horſe, he flea'd him alive! a cruel Prince: He enlarg'd his Kingdom, often overthrew the *Romans*, at laſt was ſuppreſs'd by **Odenatus** *Palmyrenus:* He reign'd almoſt 31 Years.

III. ORMISDES, or *Hormiſdas* I. the Son of *Sapor*, reign'd one Year and ten Days.

IV. VARANNES I. uncertain whether the Brother or Kinſman of **Hormiſdas**, but He reign'd after him 3 Years.

V. VARANNES II. the Son of the firſt reign'd 17 Years.

VI. VARANNES III. Son of the 2^{d}, ſurnamed **Seganeſna**, immediately upon his receiving the Kingdom was overthrown, having reign'd only 5 Months.

VII. NARSES after **Varannes** III. reign'd 9 Years and 7 Months, he was the Grandchild of **Sapor** I. He waged War againſt the *Romans*, conquer'd **Galerius** *Cæſar* the Son-in-law of DIOCLESIAN, who afterwards gave him a great Overthrow: his Wife, Siſters and Children were taken and brought to *Rome*, by triumphing DIOCLESIAN.

VIII. ORMISDES, or **Hormiſdas** II. or *Miſdates*, the Son of *Narſes*, reign'd alſo 9 Years and 7 Months.

IX. SAPORES II. was by the Nobility of the Kingdom crown'd in his Mother's Womb, he liv'd and reign'd 70 Years, as writes *Agathias* from the Annals of the *Perſians*; altho' *Zonares* ſpeaks otherwiſe of him and the Beginning of his Reign, affirming him to be the Son of **Narſes**, and, having overthrown his Brethren, to have ſeiz'd the Kingdom. He began under CONSTANTIN the *Great*, had War with **Conſtantius** the Son of *Conſtantin*, and with **Julian** the *Apoſtate*, (who † of his Wound) under the Conduct of his General *Merenes*. He ſold Peace to **Jovian**, having receiv'd of him the Towns *Niſibis* and *Singar*, and the 5 *Roman* Provinces beyond the *Tigris*, with a great Part of *Meſopotamia*, and liv'd even to the Beginning of the Emperor **Theodoſius.**

Hormiſdas injured by his Brother *Sapor*, fled to the *Romans*.

X. ARTAXERXES II. the *German* Brother of *Sapor*, reign'd after him 4 Years, as ſays *Agathias*. Therefore, when he was old he came to the Kingdom, being more than 70 Years of Age.

XI. SAPOR III. the Son of **Artaxerxes** II. reign'd 5 Years. He flouriſh'd under **Theodoſius** the *Emperor*.

XII. VARANNES IV. the Son of *Sapor* III. call'd **Kerman-Saa** from the Nation his Father had ſubdu'd, he reign'd 11 Years.

XIII. ISDIGERTES I. the Son of VARANNES, reign'd 21 Years, and was by the Emperor **Arcadius** on his Death-bed declar'd to be the Guardian of his Son **Theodoſius** the younger, as yet a Child, and was moſt faithful to his Pupil, as ſays *Procopius*.

XIV. VARANNES V. the Son of **Iſdigertes**, rais'd War againſt the *Romans*, but being preſently pacified, he deſiſted: He reign'd 20 Years.

XV. ISDIGERTES II. ſucceeding his Father **Varannes** reign'd 17 Years and 4 Months. *Agathias* is ſilent of him, but *Procopius* is not.

XVI. PEROZES ſucceeding his Brother, a warlick Prince, reign'd 20 Years, was an Enemy of the white *Hunns*, by whom he was at laſt ſlain, with 28 Sons.

XVII. VALENS call'd by *Procopius* BLASES, by others OBALES, a Man of a calm Temper and of no Renown: he is ſaid to have reign'd 4 Years after his Brother *Perozes*.

XVIII. CABADES the Son of *Perozes*, of a turbulent violent Nature, he endeavour'd to change the *Perſian* Laws. After 11 Years Reign he was by the *Perſians* caſt into Priſon. When he had eſcap'd therefrom, and was for ſome Time baniſh'd among the *White* **Hunns**, by the Aſſiſtance of their King his Father-in-law, he again recover'd his Kingdom, and kept it 30 Years; He had War againſt the *Romans*, in the Time of **Anaſtaſius**, **Juſtin** I. and **Juſtinian** the Emperors. Wives, 1. *Abevede* his own Siſter. 2. A Lady of the *White* **Huns.**

Abevede.

XIX. ZAMBASES, or *Zamaſpes* a coureous Prince, he was King of the *Perſians* for 4 Years, during the Impriſonment and Exile of his Brother: but He yielded the Kingdom to his Brother at his Return.

CABADES the firſt born, but hated by his Father, who therefore excluded him from the Succeſſion; after his Father's Death the Nobility excited him to rival CHOSROES.

Zances, or **Bazes** the ſecond Son, call'd alſo **Zama** by *Procopius*, a very valiant Man, yet having but one Eye, and he was therefore excluded from the Honour of the Kingdom by Virtue of a *Perſian* Law: he was ſlain with his Children by his Brother **Choſroes** for a Conſpiracy.

Cabades was ſecretly preſerv'd by his Foſter-Father: at laſt being diſcover'd, He fled to **Juſtine** II. the *Roman* Emperor.

XX. CHOSROES I. the youngeſt of his Brothers, but beloved of his Father *Cabades*, born of his Aunt *Abevede*, was ſurnamed the *Great*: an Enemy of **Juſtinian**, **Juſtine** II. and **Tiberius** II. the *Emperors*: he reign'd 48 Years, began in the 5th Year of **Juſtinian**, and † in the Beginning of **Tiberius** II.

XXI. HORMISDAS III. ſucceeded his Father *Choſroes*: when he had reign'd 8 Years, warring againſt the *Romans*, he was, by the Treachery of *Baras* his General hated by his Subjects, and being depriv'd of the Kingdom, he was caſt into Priſon, and his Eyes put out, and by order of his Son *Choſroes* was cudgel'd to Death.

* * *

XXII. BARAS by the People made King, but ſoon overthrown by *Choſroes* and the *Romans*.

XXIII. CHOSROES II. was by the Nobles put in his Father's Place, but offending his People, and being afraid, he fled to the *Romans*, and by the Aſſiſtance of **Mauricius** the Emperor recover'd his Kingdom. He had Wars with PHOCAS to revenge the Death of *Mauricius*, and took from him all *Armenia*, *Syria*, *Cappadocia*, *Galatia*, and *Paphlagonia*: he receiv'd great Overthrows by **Heraclius**, and was impriſon'd, inſulted, and ſlain by his Son **Siroes**, after he had reign'd 35 Years. Wives, 1. *N. N.* 2. **Syra.**

Another Son, whom his Father would have preferr'd to the Kingdom, but was along with his Mother ſawn aſunder by the Nobles, in Sight of his Father, and at the Command of his Brother *Choſroes*.

1\.

XXIV. SIROES ſucceeded his Father, whom he had ſlain; He reign'd but one Year, and made Peace with **Heraclius**, reſtoring all the *Roman* Provinces taken in the late Wars, with 300 Enſigns, and a Piece of Wood a Part of *Chriſt*'s **Croſs**. Thus the **Tigris** was again the Boundary of the two Empires. Hence the Kingdom was unſettled, until his Son HORMISDAS **Jeſdegirdes** the laſt King, who with all his Family and Kingdom was overthrown by the **Saracenes.**

1\.

XXVII. BARANES, who eſcap'd the common Slaughter of *Siroes*, and after the Death of *Adeſer*, got the Affections of the Grandees, who put *Sarbares* to Death, and made him King in Conjunction with *Ieſdegirdes*: but † in 7 Months.

2\.

Merdaſas, or *Mardeſanes*, whom his Father would have preferr'd to his elder Brother *Siroes*, but was with his Father ſlain by *Siroes*.

2\.

Other Children ſlain by *Siroes* in ſight of their Father.

* * *

XXVI. SARBARES reign'd 7 Months, put to Death by the People.

XXV. ADHESIR or ADESER, reign'd only 7 Months, being ſlain by his General **Sarbares.**

XXVIII. **Hormiſdas** JESDEGIRD reign'd alone about 2 Years and 3 Months, till conquer'd and ſlain by **Ottoman**, or *Oſman*, *Caliph* of the **Saracenes**, who reſided at *Babylon*.

Thus the Race of ARTAXERXES ended, *A. D.* 632. after It had laſted 406 Years.

TABLE CVII.

The *Antient Kings* of **Syria** or **Damaſcus**.

N. B. This **Table** ſhould have been placed before TABLE XVIII. or the **Genealogy** of the *Kings* of Israel; but was omitted by Miſtake.

DAMASCUS is the oldeſt City in the known World, that ſtill retains its antient Name; and before the Days of **David** King of *Iſrael*, it ſeems to have been ſubject to the *Kings* of **Syria** *Zoba* near the *Euphrates*; for the **Syrians** of *Damaſcus* fought under Hadad-Ezer againſt King **David**, who ſmote Hadad-Ezer the Son of Rehob, (who ſeems to have been a King too) deſtroying to him 1000 Chariots, 700 Horſemen, 30000 Footmen. **David** ſmote next 22000 of the **Syrians** of *Damaſcus*, and took from them great Booty, which he dedicated to God with the Shields of Gold taken from the Men of **Hadad Ezer**.

But during this Calamity, the *Kingdom* of **Damaſcus** was founded: for

I. Rezon, or **Rezin**, the Son of *Eliada*, one of the great Captains of **Hadad Ezer**, after his Maſter's Overthrow, gather'd a Band of Warlick **Syrians**, and ſoon made a Settlement at **Damaſcus**, where he became their **King**, and made that City the *Capital* of his Kingdom; the other *Syrians* of **Zoba**, **Rehob**, **Iſhtok**, **Geſhur**, *&c.* with their petty Kingdoms, being all ſwallowed up by this new *Kingdom* of **Damaſcus**, which was founded *A. M.* 2964. Bef. *Chriſt* 1040. In the 9th Year of **David**'s Reign after the Death of **Iſhboſheth**. They often annoy'd the *Iſraelites*; and their King's common Name was Hadad, and Ben-Hadad, as **Pharaoh** was of *Egypt*. This King Rezon greatly diſtreſs'd **Solomon** in his latter Days. But his Iſſue did not ſucceed; for when he died

⁂

II. Hadad of the Family of **Hadad-Ezer**, was call'd to reign.

III. Hezion King of *Syria*.
IV. Tabrimmon King of *Syria*. } I. K. XV. 18. We read no more of them.
V. Ben-Hadad I. King of *Syria*.
He was hired by **Aſa** King of *Judah* to aid him in his Wars againſt **Baaſhah** King of *Iſrael*.

VI. Ben-Hadad II. twice invaded *Iſrael* in the Reign of **Achab**, having under his Command 32 *petty Kings*, (Page 29) and both Times was notably repuls'd: The *firſt* by the Sally of 7000 Men at the Siege of *Samaria*; the next in the Plains of **Aphek**, where the *Iſraelites* ſlew 100000 *Syrians* in one Day; and the reſt fled to *Aphek*, where the Town Wall fell and kill'd 27000 more, while Ben-Hadad was in Effect *Achab*'s Priſoner, who ſpared him to his ſad Coſt: for in three Years *Ben-Hadad*'s Army ſlew *Achab* at *Ramoth-Gilead*, *A. M.* 3107. Bef. *Chriſt* 897. In the 18th Year of Jehoshaphat King of *Judah*.

⁂

VII. Hasael the General of **Benhadad**, anointed King of *Syria* by the Prophet **Eliſhah**, ſlew his Maſter *Ben-Hadad*, and prov'd a cruel Enemy to *Iſrael*: He alſo made an Attempt upon *Judah* in the Time of King **Joaſh**, but bribed with the Treaſures of the *Temple* he return'd home. He conquer'd and ſubdued the *Reubenites*, the *Gadites*, and the Half Tribe of *Manaſſeh*, that liv'd *Eaſt* of the *Jordan*; and, having made powerful Inroads thro' *Weſt-Iſrael*, he open'd his Way into *Philiſtia*, took the City *Gath*, and became a Terror to all the Neighbouring Nations.

VIII. Ben-Hadad III. was thrice defeated by **Jehoaſh** the Son of **Jehoachas** King of *Iſrael*, according to the Prophecy of **Eliſha**: yet was not ſo weakned, but that he could ſend an Army againſt *Judah*, which defeated **Joaſh**, deſtroyed the Princes of *Judah*, and brought the great Spoils of *Jeruſalem* to **Damaſcus**.

IX. Ben-Hadad IV. King of *Syria*, from him **Jeroboam** II. King of *Iſrael* recover'd *All Eaſt Iſrael* that **Haſael** had conquer'd, and alſo conquer'd **Hamath** and **Damaſcus**.

X. Ben-Hadad V. King of *Syria*.

XI. Ben-Hadad VI. King of *Syria* was overthrown by **Pul** King of *Nineveh*, who made an Inroad thro' *Syria* into the Frontiers of *Iſrael*, and brought the *Kingdom* of **Iſrael** into a Dependance upon him.

XII. Rezin II. King of *Syria*, join'd with **Pekah** King of *Iſrael* againſt **Achaz** King of *Judah*, which forced *Achaz* to ſend for Aid to **Tiglath-Pul-Ezer** King of *Aſſyria*, who ſlew **Rezin**, and added **Syria** to his *Empire*, with **Hamath** and **Arphad**, *viz.* in the 3d Year of **Achaz** King of *Judah*, and 20th Year of **Pekah** King of *Iſrael*, *A. M.* 3264. Bef. *Chriſt* 740. In the 8th Year of the **Nabonaſſarian** *Era*, and 9th Year of **Urbs Condita**, or the *Founding* of Rome.

Thus the *Kingdom* of **Damaſcus**, from its *Foundation* by Rezon, *A. M.* 2964.
Laſted during Years, 300.

Until it was conquer'd by **Tiglath-Pul-Ezer**, *A. M.* 3264.

All **Syria** remain'd a *Province* of the *Kings* of **Aſſyria**; and afterwards of the *Kings* of **Babylon**; and afterwards of the *Kings* of **Perſia**, till conquer'd by Alexander the *Great*; and afterwards of the **Seleucidae**, who, tho' they had a large Empire, choſe to call themſelves *Kings* of **Syria**; (ſee their *Chronological Catalogue*, and *Genealogical* Table) and afterwards of the Roman *Empire* annexed by **Pompey**; and afterwards of the **Saracenes**, till at laſt It came into the Hands of the **Turks**.

TABLE CLVII.

The **Mahometan** Sovereigns of **Egypt**, *viz.*

The **Saracen** Caliphs, the **Turkiſh** Sultans, and the **Mamaluke** Sultans that reign'd in *Egypt*.

EGYPT was made a *Roman* Province by the *Emperor* Augustus, when **Antony** and **Cleopatra** kill'd themſelves, ——————————————— *A. M.* 3974. } 4004.
Bef. Ch. 30. }

When the **Ptolemaidae** Kings of *Egypt* ended. And that Country was govern'd by a *Roman* Deputy.

In the latter End of the Emperor Trajan's Reign, (who † *A. D.* 117.) the *Jews* in *Egypt* and *Cyrene* made a horrible Rebellion, and were as horribly puniſh'd by the *Romans*.

The vile *Emperor* Caracalla (who † about *A. D.* 218.) went to *Alexandria*, and becauſe that People had formerly jeer'd and mock'd him, he ſurpriz'd them at the publick Games by his Soldiers, and ſlew numberleſs Numbers of all Ages, Ranks, and Degrees.

When Valerian the *Emperor* was taken Priſoner by the *Parthians*, *A. D.* 259. Æmilian one of the 30 **Tyrants**, and the *Roman* General in *Egypt*, ſeiz'd on that ancient Kingdom. But Gallienus the *Emperor* ſent *Theodatus* againſt him, who took him and put him to Death in Priſon.

When Aurelian the *Emperor*, return'd from his Expedition into the *Eaſt*, about *A. D.* 273. one **Firmus** a *Roman* Commander in *Egypt* revolted, and proclaim'd himſelf King; but Aurelian marched againſt him into *Egypt*, and reduc'd that Country.

When Probus became *Emperor*, *A. D.* 276. Saturninus a wiſe and valiant Commander, was by the *Egyptians* and his own Forces proclaim'd *Emperor* there, but was reduc'd by Probus, and ſlain.

In the Reign of Dioclesian, who began *A. D.* 284. **Achilleus** revolted in *Egypt*, aud proclaim'd himſelf *Emperor*; but Dioclesian march'd againſt him, defeated him, beſieg'd him in *Alexandria* (which he took) condemn'd **Achilleus** to be devour'd by *Lions*, and put to Death the Ringleaders and Abettors of that Rebellion.

After this **Egypt** continued under the **Roman** *Emperors* in Peace, except that in the Reign of Theodosius the *Great*, (who began *A. D.* 379.) there was a bloody Tumult at *Alexandria* upon a religious Account, and a Quarrel between the *Heathens* and *Chriſtians*: as afterwards in the Reign of Theodosius II. (who began *A. D.* 409.) between the *Jews* and *Chriſtians*, but all Things continued otherwiſe quiet till the Reign of Heraclius the *Emperor*, (who began *A. D.* 611.) in whoſe Time MAHOMET the great Prophet of the **Saracens** flouriſh'd, and the *Mahometan* **Era** began *A. D.* 622. call'd the **Hegyra**, or *Mahomet's* **Flight** from *Mecca*. When

Omar, or *Homar*, the 2d **Caliph** of the *Saracens*, march'd from *Arabia* into **Egypt**, where he rais'd a large Sum of Gold, and reduc'd the *Egyptians* to pay him yearly 200000 Crowns, *A. D.* 635. But after 2 Years the *Præfect* of *Egypt* refuſing Payment, the **Saracens** invaded that Country with a powerful Army, and entirely conquer'd it, *A. D.* 637. or *A. M.* 4640. after the Death of **Cleopatra**, or the Conqueſt of Augustus, 667 Years.

Thus **Egypt** came under the Domination of the **Caliphs** of *Arabia*, *Syria*, and *Perſia*, commonly call'd the **Caliphs** of *Bagdat*, or *Babylon*, for 234 Years, (ſee the Tables of thoſe *Caliphs*) till weary of their Yoak, they would have a **Caliph** of their own, and totally revolting, they choſe and ſet up their own **Caliph** at *Cairo* in *Egypt*, to whom the **Saracens** and **Moors** in *Africa* did ſubmit themſelves, *A. when Thein-Ming † alſo.
Thienki was ſucceeded by Zung Chin, his Brother.
And *Thien-Ming* was ſucceeded by Thien Zung his Son, a wiſe 10 1627
and generous King, who † *A. D.* 1636. and was ſucceeded by
his Son Zungte or *Tzumte*, the *Tartarian* King in *Loaotung*.

Reign-ed. | A. D.

But tho' the *Chineſe* had now Peace with the *Tartars*, they were
imbroil'd by Civil-Wars, and eight Pretenders to the Empire
among themſelves, who were at laſt reduced to two, *viz.*
Licungz and *Chan Chien Chung*, who *A. D.* 1641. ravaged the
Country, and the great City *Caifung* was ruin'd 1642.
Licungz took in *Peking* 1644. when the *Chineſe* Emperor Zung
Chin hang'd himſelf with his Empreſs, and **Licungz** cut off
his Family.
But **Uſangue** the brave General of *Zung Chin*, invited Zungte,
the *Tartarian* King to march with 80000 Men from *Loaotung*,
and joining the Army of *Uſangue* (who had ſhaved and cloathed
themſelves like *Tartars*) expell'd **Licungz** from *Peking*. And
Zungte dying in this Expedition, his Son a Minor under the
Conduct of his Uncle *Amaban* or **Amabang**, (which ſignifies the
King's Father) was declared *Emperor* of **China**, by the Name of
Xun Chi, the Root of the new Family 1645

Of **Ta Jang.**

Xun Chi, by the Direction of **Amabang**, created Usangue a tributary 17
King in the Weſt, who defeated *Licungz* entirely.
Thus the *Tartars* were Maſters not only of *Loaotung*, but alſo
of the four great Provinces of *Peking*, *Xanſi*, *Xenſi* and *Xan-
tung*, letting the *Chineſe* enjoy their old Government, but or-
dered them all to be ſhaved and cloathed like **Tartars**.
But the ſouthern *Chineſe*, not yet ſubjected, choſe for their Em-
peror
Hun Quang, Couſin of *Zun Chin*, and Grandſon of *Vanlie*, whom
they ſolemnly crown'd at *Nanking*. He ſued for Peace with
the *Tartars* in vain, for they were reſolved to have *all China*:
But *Hun Quang* having deſtroy'd the only remaining Son of
Zun Chin, the *Grandees* ſeiz'd their new King and brought him
to *Peking*, where the *Tartars* ſtrangled him *A. D.* 1645.
Then the **Tartars** invaded ſome of the *ſouthern* Provinces,
which they conquer'd and barbarouſly put to death Louang,
of the Family of *Ta Imming*, who had been choſen *Emperor*,
and defeated all the other Pretenders of that Family, and took
the famous *Pirat* **Ikou** or *Chichicung* Priſoner.
But *Thomar Cieu*, the General of the *Chineſe* Militia, having de-
feated the *Tartars* and retaken ſeveral Palaces in the *Weſt*, the
People choſe for their Emperor *Vanlie* or *Junglie*, the Grand-
ſon of old *Vanlie*, who ſet up his Throne at *Chaoeung* in the Pro-
vince of *Quantung*; and the *Chineſe* and *Tartars* defeated one
another in ſeveral Battles:
A. D. 1649. **Kiang** General of the Militia near *Taitung*, revolted
ſtrongly, but was ſubdued by **Amabang**, the foreſaid Uncle
of Xun Chi, and
A. D. 1650, **Amabang** by an Army took *Quancheu* and purſued
the *Chineſe* Emperor Junglie to *Choakung*; but next Year the
brave and wiſe *Amavang* † much lamented by both Nations; and
Xun Chi the Founder of the *Tartarian* Race, † 1661.

Yunchi or *Yunchi* or Camhi, a Minor, reign'd in Peace 'till *A. D.* 60 1662
1674. when **Uſangue**, mention'd above, revolted, but was
deſerted by his Confederates 1677. and loſt.
This Emperor † 1722.

Yon Techim born 1682, the preſent *Emperor* of **China**.

The

Continuation of TABLE CLXII.

The learned *Lewis Ellies* **Du Pin**, in his *Univerſal Bibliotheke of Hiſtorians*, ſays, the *Chineſe* pretend to have *Annals* of 49000 Years before Fohi; but the moſt Part of them agree that theſe *Memoirs* are Aprocryphal, and unworthy of Credit. One of the moſt able Writers, call'd *Tai-Fu-Cum*, declares that there is no Hiſtory of the *Chineſe* before Xin their 2ᵈ *Emperor:* And the Compiler of their *grand Annals* (which contain about 150 Volumes) declares, he gives no Faith to thoſe ancient Stories, that are only founded upon popular and uncertain Rumours; and that there are no hiſtorical Memoirs more ancient than thoſe of Xin, their 2ᵈ King. 'Tis true, that according to their *Annals* the Succeſſion of Kings between Hoamti, the Succeſſor of *Xin*, and the *Chriſtian* **Era** are 2697 Years; to which add 250, or the Years of the Reigns of Fohi and Xin, it will make 2947 Years. This *Calculation* may well agree with the Time from the **Deluge** to Christ, according to the *Chronology* of the **Septuagint**; but according to the *Hebrew Text*, it carries it back before the *Deluge* 592 Years, whereby the *Chineſe* may pretend to have *Memoirs* ſo long before the *Flood*. But who can be ſure that theſe *Annals* were not made much later, or that they are *Monuments* of **Antiquity?** Do the *Chineſe* alledge any Proof? Have they any *Ancient* Author to teſtify of 'em? Nothing like it; nay, on the contrary, the *Chineſe Hiſtory*, according to their own Authors, teacheth us, that in the Reign of Xi-Hoamti, about 200 Years before *Chriſt*, all the Books of the Religion of the *Chineſe* were burnt by order of that Prince, who ſearch'd for them throughout all the *Empire*, at the Sollicitation of *Laokijum*, one of his Followers. If any Exemplars were preſerv'd, they were imperfect, and have been corrupted, and others have been foiſted in the room of the firſt. The moſt ancient of their Books, aſcribed to Fohi, was not an *Hiſtory*, nor a Book written with intelligible *Characters*, but only a confus'd Parcel of *Lines* and *Half-Lines*, differently combin'd, and altogether unintelligible; for the Kings Vu Van and Chean-Chu, who liv'd long after, about 1100 Years before *Chriſt*, endeavour'd to explain them in vain; and **Confutius** gave them a Meaning at all Hazard, with which he was not ſatisfied himſelf. The *other Books* of the **Chineſe**, according to themſelves, are not above 2000 Years old; and therefore we cannot ſay they have *Monuments* more ancient than the *Flood*; on the contrary, ſeeing from the Time of Fohi, the uſe of *ſignificative Letters* and *Characters* was not known, the *Chineſe* could not ſo early tranſmit *Memoirs* and *Annals* in *Writing*; and what they pretend to be tranſmitted, is altogether unintelligible; from whence it follows that the pretended *Antiquity* of their *Annals* has no real Foundation. Thus **Du Pin.**

TABLE CLXVII.

The KINGS of the *African* **Ethiopia** *Superior*, or *Habaſſia*, or *Abeſſinia*, or *Abyſſinia*.

Maqueba or Makeba Queen of *Abyſſinia*, is ſaid to be that Queen of *Sheba*, or of the *South*, who came to King Solomon at *Jeruſalem A. M.* 3012. Before *Chriſt* 992. by whom ſhe became with Child. But 'tis only the vain Boaſtings of the later *Abyſſinians*; for by her coming from the Country *South* of *Jeruſalem*, with rich *Arabian* Preſents, it appears ſhe was Queen of that Country call'd **Sheba** in *South Arabia*. See Table XIII. Page 22.

Menelehec a Son of Solomon, was born *A. M.* 3013. Before *Chriſt* 991. and by *Solomon* named **David**, the Original of the *Abyſſinian* Kings, who with his Offspring kept the Throne 'till *A. D.* 960. as they ſay. After this Menelehec they had ſeveral Kings, of whom we know nothing certain, only when

⁂

Basen of the **Solomonian** Race, had reign'd 'till his 18th Year, our bleſſed Saviour CHRIST was born. And tho' it was forbidden by the Laws of this Country, that any Woman ſhould reign after Menelehei, yet the *Abyſſinians* believe, that

⁂

Candace Queen of *Ethiopia*, whoſe *Eunuch* is mention'd in *Acts* viii. was Queen of that Part which borders upon *Egypt*, call'd the Iſle of *Meroe*; becauſe *Pliny* teſtifies that one Candace reign'd in that Iſland; and that the ſucceeding Queens aſſumed that Name for many Years. But others make her Queen of **Ethiopia** in *Arabia*, more juſtly. Now we have nothing on Record for the Space of 327 Years, 'till the Time of the two Sons of

N. N.

Abreha and Altzbeha, of whom there is Mention made in the **Ethiopick** *Liturgy* in their Commemoration of the Dead, and in the **Ethiopick** *Poet*, who ſays that they taught the Goſpel of CHRIST, and built him Temples. Theſe two Royal Brothers muſt have begun to reign *A. D.* 367. Their next famous King was

⁂

Caleb who reveng'd the Blood of the *Chriſtians* ſhed by *Dunawas* a *Jew*, the laſt King of the *Sabeans*, afterwards call'd *Hamerites*. For *Dunawas* digg'd large Pits, in which he burnt the *Chriſtians* in Heaps. He was, as ſays the **Ethiopick** *Poet*, ſucceeded by

Gebra Meskel, or the Servant of the Croſs. He was ſucceeded by

Constantin, Fresenna *and* Delnoad, who reign'd about *A. D.* 960. After the Death of Delnoad the *Ethiopic Scepter* was uſurped by another Race, call'd the

⁂

Zagean Family, who enjoy'd it 340 Years. Of this Line was

Newaja Christos, or the Wealth of *Chriſt*, whom the Poet praiſes for building the Houſe of God and impoveriſhing himſelf to adorn it. But the moſt famous was

Lalibala, a wonderful Builder; for he did not cement Stones and Bricks with Lime, or join Roofs together with Rafters, but hollow'd whole ſolid Rocks, leaving Pillars where they were requiſite for Ornament, the Arches and Walls being all of one Stone. He † after he had reign'd 40 Years. The laſt of this Race was

Naacueto Laab in whom the Zagean *Family* became extinct about *A. D.* 1300. Then the Nobility of *Shewa* reſtor'd

The **Solomonian** Race.

I.

Tunis.

Theſe Places were taken by the *Saracens* before they reached *Mauritania*, and afterwards by the *Arabs*. But

Muley Hassen one of the following Kings of **Tunis**, affirm'd that he was the 30th King of his Family, who had reign'd ſucceſſively 450 Years, directly deſcended from **Melchior**, one of the three *Magi*; tho' *African* Authors ſay, They were deſcended from the *Heutetes*; and others, that They came from Omar the 2d **Caliph**; for which They took the Title of **Amir**, pretending to be the lawful Succeſſors of Mahomet. Theſe Kings of **Tunis** invaded *Sicily*, and reign'd a long Time there, became tributary to the *Normans*, upon the Declenſion of the Empire of the **Arabs**; and then to the Kings of *France*, *A. IV. Hutmet alſo much enlarg'd his Dominions, but after his Death, the Kings of *Fez* became ſo potent, that They made all the *Mahometans* of *Africa* acknowledge them; but They had heavy Wars with the Succeſſors of Hutmet. In Proceſs of Time Abu-Hassen King of *Fez*, forc'd the King of *Tunis* to flee to the *Arabs* in the Deſarts, but returning in a ſhort Time he recover'd his Kingdom, about *A. D.* 1346.

II.

Tremeſſen.

This Country was anciently inhabited by the *Herpidani*, *Taladuſii*, *&c.* But the moſt predominant Nation was the *Maſæſyli*, over whom reign'd Syphax, who joining the *Carthaginians* againſt the *Romans*, was vanquiſh'd and ſent Priſoner to *Rome*, and his Kingdom given to Masinissa King of the *Numidians*, and continued in his Line till the Death of **Jugurtha**, and then beſtow'd upon the Kings of *Mauritania*, and always reckon'd a Part of that Kingdom, till reduced to the Form of a Province by the Emperor Claudius, and after the *Romans* It was poſſeſs'd by divers ſtrange Princes. Once it was in the Power of the *Abdulnates*, a Branch of *Zenetes*, deſcended from the *Magarao's*, who rul'd over all *Africa*: Theſe the *Romans* expell'd, but being aſſiſted by the *Goths*, and paying them a certain Tribute, they recover'd their Dominions, and kept the ſame until all *Africa* became ſubject to the Poſterity of **Mahomet**: But within ſome Time the *Abduluates* re-enter'd *Tremeſſen*, *A. D.* 986. and reign'd above 300 Years, until they were ſubdued by the **Almoravides** and **Almohades**, (See their Genealogy Table CLVIII.) who kept them under Subjection, until the Decline of their Empire, when one Gamaruzan *Benzyn* ſeiz'd on this Kingdom, and left the ſame to his Deſcendants, who were call'd the *Benizeynes*, who afterwards were made tributary to Abu-Ferez, and his Son Hutmet, Kings of *Tunis*. At laſt **Barbaroſſa** made himſelf Maſter of *Tremeſſen*, *A. D.* 1516. during the Reign of Buhamu their King, whoſe Son was *A. D.* 1535. reſtor'd by **Charles** V. the *German* Emperor, and ſucceeded by Abdalla, till the **Turks** became their Maſters, a great Part of which they ſtill enjoy. But we know not their *Genealogy*.

III.

Tripoli.

This was, after the *Romans*, ſubject to the *Goths*, then to the *Arabians*, after that to the Kings of *Tunis*, and ſometimes to thoſe of *Fez*, when they united that Crown to their own: But Bucamen tyrannizing, they advanc'd a Citizen in his Place; and Bucamen ſending an Army againſt him, was poiſon'd by ſome of the Inhabitants, which Succeſs made their King turn a Tyrant; wherefore he was ſlain by one of his Brothers-in-law, and ſucceeded by one of his Officers Abu-Barc, who rul'd until *Tripoli* was taken by **Peter** of *Navarre*, *A. D.* 1510. And *A. D.* 1528. **Charles** V. beſtow'd it on the Knights of *Malta*, who enjoy'd it till 1551. when it was conquer'd by the *Turks*, under the brave **Sinan** *Baſſa*, but in Proceſs of Time it became a Republick.

IV.

Bugie.

This was for ſome Time dependent upon the Kingdom of *Tunis*, after Abu-Ferez had made *Tremeſſen* tributary.

Abu-Ferez. See the Column of **Tunis**.

Hutmet King of *Tunis*. See the Kings of *Tunis* on the left Hand of the *Table*.

Abdulazis was by his Father left in *Bugie*, and confirm'd King. And he and his Deſcendents reign'd there till the Country was conquer'd by **Peter** of *Navarre*, for the King of *Caſtile*, *A. D.* 1510. who kept the ſame to *A. D.* 1545. when it was taken by the *Turks*. It now belongs to the Regency of **Algiers**.

Amar the ſecond Son had the Province of *Zeb* in *Numidia* or *Getulia*; but after his Father's Death took up Arms againſt **Hutmet**, by whom being defeated and taken Priſoner, he had it in his Choice to loſe his Life or his Eyes, he pitch'd upon the laſt, and liv'd a long Time after.

V.

Algiers.

This for a long Time made Part of the Kingdom of *Tremeſſen*, and belong'd to the King's ſecond Son. But when Abu-Ferez King of *Tunis*, made a Conqueſt of *Tremeſſen*, he gave the Crown of *Bugie* to one of his Sons. Then the People of *Algiers* finding the Authority of their King much weaken'd, voluntarily ſubmitted to the Government of the Kings of *Tunis*, and ſtill continued a free People, except that they were oblig'd to pay ſome ſmall Tribute; but upon the Decline of that Government they became totally free, and ſome Gentlemen that were in it, made themſelves Maſters of it, by the Help of the *Arabs*, and became their Kings; the laſt of whom was Selim, who was ſlain by **Barbaroſſa**, that took the Place for the *Turks*, *A. The ſame Year Captain *Spragg* deſtroy'd 9 of their Ships near *Bugie*; upon which they beg'd a Peace, and kept it ever ſince with the *Engliſh*.

The *French* Fleet in 1688. threw 10420 Bombs into the Town, by which two Thirds of it was deſtroy'd, as alſo five of their Ships, which ſo enrag'd the People, that they ſhot off the *French Conſul* at the Mouth of a Cannon. In Revenge of which, the *French* ſhot 3 *Algerine* Officers to Death, and put their Bodies upon Hurdles of Planks, to be driven a-ſhore that their Countrymen might ſee them. But the next Year the *French* made a Peace with them, in Hopes to have their Aſſiſtance againſt the *Engliſh* and *Dutch*, who join'd in the great Revolution of *England* under King William.

TABLE CLXXII.

The **Kings** of **Hungary.**

Hungary, a Part of the large old *Pannonia*, was always inhabited by People more addicted to War than to Learning and Commerce: The *firſt* Inhabitants of *Upper*-**Hungary**, North of the *Danube*, were the *Jazyges Metanaſtæ*, a *Sarmatian* People; and *Eaſt* of them liv'd the *Daci*, a People known but not conquer'd by the *Romans*. But the *Pannonians*, or *Pæones*, dwelt moſtly *South* of the *Danube*, ſubdivided into the *Azuli*, *Latovici*, *Werciani*, *Jaſſii*, *Ozeriates*, *&c.* that inhabited the *Weſt* Parts, or *Pannonia Superior*, while the *Inferior Pannonia* in the *Eaſt*, was inhabited by the *Ercuneales*, *Brouci*, *Araviſci*, and *Scordiſci*.

The *Pannonians* were conquer'd by the *Romans*, *Anno U. C. Varroniano* 719. *L. Cornificius*, and *Sextus Pompeius* being Conſuls; but were not wholly ſubdued till 759. or *A. M.* 4009. *An. Eræ Chriſtianæ* 5^to^. *Anno Auguſti*, after the Death of *Cleopatra* 35^to^, and It continued a *Roman* Province during, ——— Years. 380.

A. D. 373. The **Huns,** a *Scythian* People in the Fens of the *Palus Mæotis*, by hunting diſcover'd a Paſſage into *Europe*, with their numerous *Clans* under **Balamir,** or *Balbember*, who forced *Ermanaricus*, or *Athanaricus* II. 386. I. BALAMIR proclaim'd himſelf a King; and having artfully croſs'd the *Danube*, the *Huns* defeated the *Romans*, and ſo poſſeſs'd themſelves of all *Pannonia*, in the Declenſion of the *Roman* Empire. King *Balamir* † after he had reign'd, ——— reign'd 25.

Mundizuchus, or *Bendeguz.*

411. II. BLEDA, or **Budas,** reign'd as Collegue of his Brother ATTILA, in whoſe Time the **Huns** waſted *Thrace*, and aided **John** the Uſurper, and were expell'd *Pannonia*, by the *Eaſtern* Emperor THEODOSIUS II. about *A. D.* 427. yet recover'd Strength, aided the *Romans* againſt the *Goths* 438. invaded *Thrace* and *Illyria* 441. waſted all *Greece* 442. and forced the ſaid Emperor *Theodoſius* to give them 6000 Pounds of Gold, and to promiſe 1000 yearly. But after he had reign'd about 34 Years, He was ſlain by his Brother ATTILA, for naming a new City *Buda*, and not *Attila*, *A. D.* 444. without Iſſue.

III. ATTILA born *A. D.* 330. began to reign with his Brother *Bleda* 411. and took to himſelf this Title, ATTILA *the Son of* MUNDIZUCHUS, *Nephew to* NIMROD *the Great*, *born at* Engaddi, *by divine Goodneſs King of the* Huns, Medes, Goths, *and* Danes, *the* **Terror** *of the World, and the* **Scourge** *of God.* He reſided at *Sicambria* near *Buda*. But after he had ſlain his Brother *Bleda*, *A. D.* 444. He reign'd alone; was defeated by *Anthemius* the Emperor. Then being invited by **Genſericus,** he marched into *France* with incredible Power, and in his way ſlew **Gunderic** King of *Burgundy*, *A. D.* 450. He fought the great Battel on the Downs of *Chalons* in *France* againſt *Ætius*, wherein **Theodoric** King of the *Goths* was ſlain, and ATTILA was defeated 451. but retreated well, and marched into *Italy*, took *Milan*, *Venice*, *Florence*, *&c.* 452. and by Pope *Leo* I. was diverted from *Rome* 453. when returning to *France* he was defeated, and marched home again, where he married the fair *Ildica*; but by drinking he bled to Death on his Nuptial Night; aged 124 Years, after he had reign'd with his Brother and alone, in all ——— 44

Some ſay that the *Longobards* about this Time removed to the Borders of *Poland*; but it was only a Colony of them.

After the **Longobards** had poſſeſs'd *Hungary* 42 Years, *Sophia* the Wife of the Emperor Justin II. having grievouſly provoked **Narſes** (who as *Proconſul* had ruled *Italy* 16 Years, after the Extinction of the *Gothic* Kingdom there) He in Revenge ſollicited the *Longobards* to invade *Italy*, who came and erected their new Kingdom of **Lombardy**.

After the Departure of the *Longobards* the **Goths** and **Gepidae**, a Sort of *Goths*, or very like them, recover'd Power in *Hungary*, but not long.

For the **Avares**, a *Sarmatian* People, as ſome think with *Ptolemy*, who calls Them *Avarini*; or rather with *Nicetes* a *Scythian* People near the *Palus Mæotis*, driven out by their Eaſtern Neighbours the *Turks*, travel'd Weſtward, and defeated the Forces of the Emperor Tiberius II. near the Mouth of the *Danube*, about *A. He aided **Narſes** againſt the *Goths*, *A. D.* 553. and being by *Narſes* invited into *Italy*, He agreed with the **Huns** to leave them poſſeſs'd of *Hungary*, upon Condition to reſtore it to him and his People, if They ſhould not proſper in *Italy*. And ſo

568. He marched with his *Longobards* into *Italy*, where he founded the Kingdom of **Lombardy**, commencing King there *A. D.* 570. See their *Chronology* in Table CLXIV. and their *Genealogy* in Table CXXXIX.

In the Time of the Emperor Mauricius (who began 586.) the **Avares** grew formidable under their King **Caganus**, or **Chagan**, or *Cham*, which is not a proper Name, but the uſual Appellative of their Chiefs) who joining the Remains of the *Huns* invaded *Pannonia*, and defeated the *Goths* and *Gepidæ*, and the *Imperial* Troops too; nay he foraged in *Thrace* to the Walls of *Conſtantinople*: and becauſe Mauricius would not ranſom the *Imperial* Priſoners from *Chaganus*, the Soldiers depoſed him *A. D.* 601. while the **Avares** were Maſters of *Hungary*, and then the Soldiers exalted *A. D.* 602. Phocas to be their Emperor, in whoſe Time, and in that of his Succeſſor Heraclius, the **Avares** ſettled in *Pannonia*, and Part of *Noricum* (now *Upper-Hungary*) ſeparate from the *Boiarians* by the River *Ems*, which They held 196 Years, or dwelt there, tho' not always with Royal Juriſdiction, reckoning from the Death of **Mauricius**, till *A. D.* 796. Chaganus had ſeveral Succeſſors, whoſe Names are wanting. But at Length

A. D. 744. Almus an aſpiring Genius, went and brought a new Colony of 215999 **Huns** from *Scythia* into *Hungary*, under *ſeven* Generals, *viz.* **Arpadius**, *Zobolebus*, *Guila*, *Chundus*; *Lecbel*, *Verbulchus*, and *Urſus*, after the **Avares** had been there 144 Years, and after his Family had been expel'd by the *Goths* 275 Years: but tho' He was ſlain in **Siegenburg**, or *Tranſilvania*, his Offspring maintain'd a *Royal* Superiority in ſome Parts of *Hungary*: for the other Chiefs yielded to Arpadius, who ſlew the mighty King of *Sclavonia*, call'd **Swathes**, or *Suatoplucus*, that then reign'd over *all Hungary* as a Conqueror, and had built ſeven Caſtles, call'd ſtill *Septem Caſtra*. But *Arpadius* himſelf was ſlain in *Tranſilvania*, *A. D.* 748.

Zultan, or **Zolthan**, reign'd over the **Huns** and *Avares* in *all Hungary*. In his Time Charles the *Great*, began a War of *Eight* Years with the *Huns* and *Avares*, commencing *A. It ſeems now there were ſeveral Kings in *Hungary*: for we read that Thudamus a King of the *Huns* ſubmitted to Charles the *Great*, promiſing to turn *Chriſtian*, *A. D.* 795. And the other Kings being deeply engaged in Civil Wars, the Duke of *Forum Julij*, with Pipin, invaded *Hungary*, and carried off great Spoils to Charles, 796. when He expel'd the **Avares** out of *Hungary*, who ſettled in *Tranſilvania* beyond the *Tibiſeus*, where They mingled with the *Sclaves*. Charles was crown'd *Emperor* of the **West** at *Rome*, by *Pope* **Leo** III. *A. D.* 800. and marched againſt *Hungary* 805. when he burnt its Capital City *Oſen*. The *Hun-Avares* rebelled 812. but were ſubdued by Pipin. They rebelled again 818. and quell'd by the Armies of Lewis *Pius* the *Weſtern* Emperor, 820. when They were mingled with *German* Colonies to teach them Obedience.

At laſt the *Hunugari* a *Scythian* People like the *Huns*, under Cusala their Duke, wandering in *Sarmatia Europæa* without any certain Abode, came into *Hungary* *A. Emperor of the *Eaſt*, invited them to come againſt the *Bulgarians*, with a Promiſe of good Poſſeſſions; but He deceived them after his Work was done, and They invaded the *Weſtern* Empire, and from thence marched into *France*, to be avenged on the Succeſſors of Charles the *Great*, of whom the *Huns* and *Avares* had told them ſtrange Things: and *A. Arnulph the *Weſtern* Emperor obtain'd their Aid againſt his grand Enemy Swantibogius King of the *Bohemians* and *Moravians*, from whom They took *Tranſilvania*, and the Country on both Sides of the *Tibiſeus*, drove out the *Sclaves* and *Avares*, and ſettled in Upper **Hungaria**, ſo called from them. King Cusala being ſlain in an Expedition againſt *Pannonia*, at the Deſire of the *Imperial* Court, *A. RUSSIA call'd anciently **Sarmatia** *Europæa*, not known farther northwards than the Head of *Tanais*, for many Ages: At length *Ptolemy* the Aſtronomer bounds it on the *North* by the *Baltick* and *Terra Incognita*; on the *South* by the People call'd *Jazyges Metanaſtæ*, that anciently dwelt in *Tranſylvania* and *Upper-Hungary*; on the *Weſt* by ancient **Germany** and the *Viſtula* or the River *Weſſel*, and on the *Eaſt* by the *Tanais*. **Sarmatia** *Aſiatica* reach'd along the Banks of the *Euxine*, eaſtward to the *Caſpian* Sea, and farther northward than any Conqueror had gone. The Countries eaſtward thereof being then call'd **Scythia**, ſo that ancient **Ruſſia** cantain'd a great Part of **Sarmatia** *Europæa*, and all the *Aſiatica*, the People being generally call'd **Sarmatae**, and by the *Greeks* **Sauromatae**, ſubdivided into the *Agathyrſi*, *Rutheni*, *Pagiritæ* in the **North**; and the *Oſyli*, *Alawni*, *Roxolani*, &c. in the **South**. From the *Roxolani*, the principal Nation, the learn'd *Polander* **Matthias** *a Michou* derives the *Roſſes*, whom we call *Ruſſians*, whoſe Opinion is corroborated by the more learned **Bochart** in his *Phaleg Lib.* III. *Cap.* 13. ſpeaking of **Rhoſe** the Son of *Magog*, the Son of *Japhet*, whoſe Offspring the *Rhoſes* mingling with the *Alani*, a *Sarmatian* People, might get the Name of **Roxolani**; and afterwards mingling with the *Roſſi* of Mount *Taurus*, in their Attempts on *Conſtantinople*, return'd to their old Name of *Roſſi* or **Ruſſians**, who were the Lords of the greateſt Part of the Country.

The **Muſcovites** poſſeſs'd only a ſouthern Province of it, deriv'd from **Meſech** or *Moſoch* the Son of *Japhet*, who travel'd from *Shina*, at the Diſperſion, to the North and North-Eaſt of *Syria*, to the Confines of *Colchis* and *Armenia*, where they were call'd **Moſchi**, inhabiting the Mountains which old Authors call *Montes Moſchici*; and in proceſs of Time, a large Colony of them travel'd farther Northward into **Muſcovy**, ſo call'd from them.

The old *Aſiatick*, *Grecian* and *Roman* Conquerors, never attempted to ſubdue the *Ruſſians* and *Muſcovites*, their Country being *Terra Incognita*, only **Julius Caeſar** had laid a *Scheme* of marching an *Army* thro' *Aſia*, and from thence Northward into this Country and from thence Weſtward into old *Germany*, and ſo Southward to return home to *Italy*; but he was murder'd juſt as he was beginning this Expedition.

The **Huns** and other ſuch Nations as found a Paſſage Weſtward into *Old-Germany*, ſeem'd to be Colonies of the ancient *Ruſſians* and *Muſcovites*, at leaſt their very near Neighbours. But the **Ruſſians** themſelves were not famous 'till the Time of MICHAEL III. the Emperor of the **Eaſt**, when coming from Mount *Taurus* they infeſted the *Euxine* Sea, and attempted to take *Conſtantinople A. D.* 864. but failing in their Attempt, and not willing to go home, they made a Deſcent on the North-Weſt Banks of the *Euxine* Sea, where the Inhabitants were much a Kin to them; and inlarging their Bounds Northwards, they became ſo powerful that their King WOLODOMIR I. was married firſt to **Helena** Daughter of the Emperor *Nicephorus Phocas*; and after he was converted to Chriſtianity he married next **Anna** Daughter of the Emperor *Romanus* I. when they left off moleſting the *Eaſtern* Emperors, and turn'd their Arms againſt *Sarmatia Europæa*, *Lithuania*, *Podolia*, *Ruſſia Rubra*, and the Countries thereabouts, 'till *A. D.* 1240, **Bathu** or *Boydo*, the Son of OCCATA *Chan*, with his *Crim* **Tartars** conquer'd them, after which they had not *one ſole Monarch*, but many petty Princes call'd *Lords of Ruſſia* or *Muſcovy*, tributary to the *Tartars*, who held them in Vaſſalage very long, even after JOHN the Son of BASILIUS II. came to call himſelf the *Great Duke* of **Muſcovy**; for at the Concluſion of a Peace with the *Tartars*, it was ſtipulated that *Duke* JOHN *once every Year ſhould ſtand on Foot in the Caſtle of* Moſcou, *and feed the Horſe of the* Crim Tartar *with Oats out of his own Cap*; which Homage was afterwards chang'd into a Tribute of Furs; and this being alſo deny'd by his Succeſſors, occaſion'd long and bloody Wars between them and the *Tartars*. But tho' the *Tartars* have had the Aſſiſtance of the *Turks*, the **Muſcovite** has bravely aſſerted his own Sovereignty, and alſo wreſted from them many goodly Provinces.

TABLE CLXXXV.

The VAIVODS or *Princes* of Moldavia and Valachia.

THE whole Country of Dacia, whereof *Moldavia* and *Valachia* are Provinces, were firſt like other Nations inhabited by the *Scythians*, till the coming of the *Sclaves* and *Roſſes*, and then for ſome Time was accounted Part of the Ruſſian *Empire*, till the diſmembring of that Empire by the *Tartars*. After which

Moldavia was ſometimes *Homager* to the *Polanders*, ſometimes to the *Hungarians*, and was afterwards made tributary to the *Turks*, by Mahomet the *Great*, who thought it not worth his Pains; but Bajazet his Son conſidering how well it lay for the abſolute Command of the *Euxin* Sea, took that Part of it call'd *Beſſarabia*, reducing it to the Form of a *Turkiſh* Province, *A. D.* 1485. and increas'd the Tribute of the reſt, leaving it unto the Diſpoſal of its natural Princes, who fearing to be made Vaſſals to the *Turks*, did oft rebel againſt them, with the Aid ſometimes of the *Hungarians*; ſometimes of the *Polanders*.

BOGDANUS Vaivod of *Moldavia*, in the Time of Selim II. uniting himſelf more cloſely to *Poland*, was thereby ſuſpected by the Turkiſh *Emperor*, who, with a great Power expell'd him his Country, and gave the ſame to a Native of *Moldavia*, call'd

JOHN, who was moſtly bred up in the *Turkiſh* Court, (where he renounced his Faith, and was circumciſed) but was no ſooner ſettled in the Vaivodſhip, but he return'd to his firſt Religion; and therefore was leſs affected by the *Turks*, which being obſerv'd by the then Vaivod of *Valachia*, he endeavour'd to obtain that Dignity for his Brother, *viz.*

PETER, offering alſo to double the Tribute, and aſſiſt in ſubduing the Country. The *Turk* accepting theſe Offers, compounded an Army of 103000, whereof there were 70000 *Valachians*, 30000 *Turks*, and 3000 *Hungarians*, with which he fell into *Moldavia*, but was ſo gallantly received by the noble Vaivod JOHN, that few of them eſcap'd the Slaughter. But being afterwards betray'd by his old Friend Zarnievitche, and, contrary to Agreement, barbarouſly murder'd by the Turkiſh *Baſha*, *Moldavia* was again united to the Turkiſh *Empire*, *A. D.* 1574. and the Vaivods afterwards were nominated by the Turkiſh *Emperors*. And tho'

AARON one of the ſucceeding *Vaivods*, did ſhake off this Yoke, yet being ſupplanted by *Roſwan*, one of his own ambitious Subjects, it became ſubject firſt to the *Polonians*, next to *Germany*, and afterwards to the *Turks*, from whom it could never be recover'd.

Valachia was afterwards govern'd by their own Vaivods, and being protected by the *Hungarian* Kings, they liv'd in Peace, till fearing the bad Effects of the *Turks* conquering *Servia* and *Bulgaria*,

N. N. the *Vaivod*, in the Time of BAJAZET I. croſs'd the *Danube* with his Forces, and having ſpoil'd the *Turkiſh* Territories return'd home; but Bajazet being irritated at this Invaſion, came into *Valachia*, overcame the *Vaivod*, and forc'd him to ſue for Peace, and become tributary; yet the impos'd Tribute was with-held on account of Bajazet's Captivity, until *A. D.* 1417. when Mahomet forc'd them to a new Compoſition, and the Payment of all former Reckonings. But they were induc'd by the fortunate Succeſſes of Hunniades, to put themſelves again under the Protection of the *Hungarians*, who being afterwards ſubdued at the Battel of *Caſſova*, by Amurath II. the accuſtom'd Tribute was brought in again, which the *Turks* were at preſent ſatisfied with, being then ſore put to it by the famous *Scanderbeg*. Not long after, *A. D.* 1462. Mahomet the Great undertook the Conqueſt of this Country, being advertis'd that

TABLE CXC.

The KINGS of **Norway**.

THE **Norwegians** were first known in the Time of *Ptolemy*, by the Name of *Chedini*, and then possess'd the western Parts of *Scandia*. But uniting with their Neighbours the *Danes* and *Swedes*, they were, in the flourishing Time of the **French** *Emperors*, better known by the Name of **Normans**; so call'd by *Eginhartus* in his History of CHARLES *the Great*, and under this Name they made Excursions by Sea along the Coast of *Belgium*, mightily oppress'd the *French*, and at length conquer'd *Normandy*, which by **Charles** *the Simple* was confer'd upon one **Rollo**, the first Duke thereof, *A. D.* 912. whose Successors much increased their Glory by their Conquest of *England*, as some of their Adventurers did by their Conquests of *Naples*, *Sicily* and *Antioch*, the *Orcades*, the *Hebrides*, the Isle of *Man*, *&c.* Afterwards the People of *Norway* were call'd *Norwegians*, and were still, for the most Part govern'd by their own Kings, 'till their Union with *Denmark*, by the Marriage of King HAQUIN and MARGARET Queen of *Denmark*. But such is the Darkness and Confusion of their History, that we cannot pretend to know any thing of their most antique Kings; therefore we must begin with

TABLE CXCI.

The old KINGS of **Sweden**, to the Union of the three **Northern** *Crowns.*

THE **Swediſh** *Hiſtorians* have been at Pains to ſhew the World, that no Kingdom in **Europe** can be compared with theirs for Antiquity, which they ſay was ſooner inhabited than any other, and the Hiſtorian **Bertius** gives us the following Series of their Kings.

NOAH.

KINGS before **Chriſt.**

Japhet.

1. MAGOG with his Family firſt took Poſſeſſion of *Suecia*, or *Swedland*, and *Gothland*, *A. M.* 1744. after the Flood 88 Years. Before the firſt *Diſperſion* from *Shinar* 66 Years, and therefore it is juſtly rejected, as a vain Boaſting ill told: for *all Nations* diſperſed from *Shinar*. He reign'd 43 Years, to *A. M.* 1787.

2. SUEVUS, or *Sweno*, the eldeſt Son ſucceeded *A. M.* 1787. † 1843. reign'd 56 Years. From him and his Brother GETHAR, the *Swediſh* and *Gothick* Nations were called.

3. GETHAR I. or GOG, ſucceeded his Brother, *A. M.* 1843. † 1903. reign'd 60 Years. But ſome think that GOG was a diſtinct Son of **Magog**, and reign'd more eaſterly among the *Ruſſians*.

4. UBBO the Builder of *Upſal*, ſucceeded *A. M.* 1903. † 2004. reign'd 101 Years.

5. SIGGO I. ⁂ was King 2004.

7. UDDO.
8. ALE.
9. OSTEN I.

10. CHARLES I.
11. BIORN I.
12. GETHAR II.

6. ERIC I. was King 2014.
13. SIGGO II.
14. BERICH was King *A. M.* 2493.
15. HUMULF ſucceeded *A. M.* 2533.

16. HUMBLE is reported to have given his Son DANUS to the *Danes*, *A. M.* 2673.

DANUS is reported to have been given by his Father to the *Danes*, but then it muſt have been another *Danus* than their firſt King, for their DANUS was not King till *A. M.* 2964. Table 186.

N. N. other two Sons.

17. GOTHLIAS IV. ſucceeded, but when is uncertain.

18. SIGTAUG, or **Sichtrug**, was King of *Sweden* 2758. till 2791. but other Authors more probably make him to reign about *A. M.* 3054. *Before Chriſt* 950. for he was ſlain by GRAM King of *Denmark*, who did not begin to reign till *A. M.* 3115. and conquer'd *Sweden*.

19. SCARIN ſucceeded **Sigtaug**, but when is uncertain. **Bertius** ſays *A. M.* 2791. but rather much later; ſeeing he was cotemporary with, and ſubject to GRAM King of *Denmark*, who had conquer'd *Sweden*, and ſlain his Predeceſſor; and it is moſt probable that *Sweden* being at this Time at a very low Paſs,

20. SUIBDAGER King of *Norway* took the Advantage, and march'd with an Army againſt *Gram*, defeated him, and thereby added *Denmark* and *Sweden* to his Dominions, and ſo was the firſt Monarch of the three Crowns. But *Bertins* ſays, that *Suibdager* was King *A. M.* 2831. which is not conſiſtent with the *Daniſh* Table.

21. HASMUND ſucceeded in the Kingdoms of *Norway* and *Sweden*, *A. M.* 2891. till 2931. according to *Bertius*. He reign'd 48 Years.

22. UFFO King 2939. till 2983.

23. HUNDING, ⁂ or *Hindin*, was King 2983. till 3031. Some make HUNDING and *Hinden* two different Kings.

Hadingus ⁂ King of *Denmark*. Table 186.

24. REGNER the Brother-in-law of **Frotho** I. King of *Denmark*, was King from 3031. till 3060. according to *Bertius*. But according to the *Daniſh* Table, FROTHO I. was King of *Denmark A. M.* 3240. which was 209 Years after the Beginning of REGNER in this Table. ∪ **Svanita** his Wife.

Frotho I. King of *Denmark*.

25. HOTOBROD, or *Horbrod*, or *Hotbroth*, was King 3060. to 3125. In his Time the *Danes* ſubdued *Sweden*. See the *Daniſh* Table, for Difference in *Chronology*.

26. ATISLE, or ATTILA I. was the next King, from 3125. to 3174. but that cannot be, according to the *Daniſh* Table; for he and his Brother HOTHER recover'd the Kingdom, by paying ſome ſmall Tribute; but **Rolvo** King of *Denmark* vanquiſh'd him, and conquer'd *Sweden*. Then

HIARTUAR, a noble *Swede*, being for his excellent Qualifications favour'd by the *Daniſh* King, receiv'd the Kingdom of *Sweden* under the Title of a tributary Dutchy, and married *Rolvo*'s Siſter, but afterwards beheaded ROLVO, and the *Danes* kill'd *Hiartuar*.

27. HOTHER, after *Sweden* had been a long Time under the *Daniſh* Yoke, rais'd an Army, and took Poſſeſſion of his Kingdom, which he kept from 3174. till 3252. according to *Bertius*, but this Date cannot agree with the Circumſtances of the Hiſtory in the *Daniſh* Table; and afterwards with his victorious Arms he ſubdued *Denmark*, of which he became King, *A. M.* 3477. *Before Chriſt* 527. after the *Daniſh* Computation. But at length HOTHER was ejected by **Balderr** a noble *Dane*.

28. RORIC, ſurnamed *Slyngeband*, was King of *Sweden*, according to *Bertius*, from 3252. to 3336. but the *Danes* more probably ſay, that he was King of both Kingdoms, from 3519. to 3568. and at his Death having two Sons, the one was made King of *Denmark*, the other King of *Sweden*.

Wigletus was King of *Denmark*. Table 186.

29. ATTILA II. was King of *Sweden*, from 3336. to 3366. according to *Bertius*, but not according to the *Daniſh* Table.

Girutha married, 1. *Horvendillus*. 2. *Feggo*, two Brothers.

31. CHARLES II. was King, from 3408. to 3456.
32. GRAMUS was King 3456. or rather 3689. How he and ſeveral of his Succeſſors reign'd we do not know, and therefore we muſt content ourſelves with the bare Mention of their Names, *viz.*

35. ADOLPHUS.

36. ALGODUS I.
37. ERICH II.
38. LINDORNUS.

39. ALRICH, or ABRIC, was King of *Sweden* in the Time of the Emperor AUGUSTUS, He was murder'd, and ſucceeded by
40. ERIC III. *A. M.* 3929. according to *Bertius* and *Alſtedius*, but according to our *Chronology* 3986. *Before Chriſt* 18. † *A. M.* 4008. or *A. D.* 4. having reign'd 22 Years.

44. NORDIAN King *A. D.* 84. to 100. reign'd 16.

TABLE CCXI.

The *ancient* Goths of Germany omitted before, and may ſerve as an *Introduction* to Tables CXXXVI. and CXXXVII.

A COLONY of the ancient *Scythians* call'd **Goths**, having very early found a Paſſage into *Europe*, did in proceſs of Time join the *Suevi*, and were firſt known to the *Romans* when dwelling on the North Side of the *Iſther* or *Danube*.

They skirmiſh'd with the *Emperor* **Caracalla**, fought with the *Emperor* **Decius**, and ſlew him in Battle *A. D.* 253. In the Time of Valens and **Valentinian** the *Emperors*, the *Gothick* Leader Phritigernes being overcome by Athanaricus III. another Leader of the *Goths*, was ſupported by **Valens** upon his turning *Chriſtian*. Afterwards the *Hunns* drove the *Goths* over the *Danube*, when **Valens** gave them the out Parts of *Thrace*, on Condition they ſhould become *Chriſtian* and ſerve the *Emperor*. But **Valens** not affording them their Pay, they haraſs'd all *Thrace*, and marching towards *Conſtantinople*, in the Way they encounter'd **Valens**, whom they overcame and ſlew: But his Succeſſor **Theodoſius** having beat them in many Battles, they became good Neighbours, inlarging their Bounds, with his leave, as far as *Pannonia*.

Began *A. D.*	
344	I. Athanaricus I. King of the *Goths* in the Time of the Emperor **Conſtantius** and **Conſtans**.
357	II. Alaric I.
	III. Phritigernes in the Time of **Valens**, the firſt *Chriſtian* **Gothic** Prince, but an *Arian*.
370	IV. Athanaricus II. in the Time of the Emperors **Valens**, **Gratian** and **Valentinian** II. under whom the *Goths* were firſt ſettled on the South Side of the *Danube*.
379	V. Rhadaguisus in the Time of the Emperor **Honorius**, firſt led the *Goths* into *Italy*, and was ſlain at the Battle of *Feſulæ*.
409	VI. Alaric II. ſack'd *Rome*, ſubdu'd *Naples* and moſt of *Italy*.
410	VII. Athaulfus brought the *Viſo-Goths* into *Spain* (Table CXXXVII.) and from him are deſcended the preſent Kings of *Spain*, as they think.
417	VIII. Athalaricus King of the *Goths* remaining in the *Eaſt* at the Departure of Radaguisus and Alaricus, call'd from their Plantations by the Name of **Oſtro-Goths**. They were vanquiſh'd by *Attila*, and became ſubject to the *Huns* in the Time of the Emperors **Theodoſius** II. and **Valentinian** III.
459.	IX. Wilamir the Son of *Winithar*, the Son of *Valervans* Prince of the *Goths*, at firſt Vaſſal to **Attila**, and fought under him in the great Battle near *Tholouſe* againſt the *Romans*; but at laſt he recover'd *Pannonia* from the Sons of *Attila*.

TABLE CCXII.

The Amazon Queens omitted in the *Aſiatick* Tables.

THEY are call'd *Amazons* either *quaſi* ἀμαζας, becauſe they were wont to cut off their Right-Paps, that they might have no Impediments in the Uſe of the Bow and Arrow, or from ἀ and μαζα *ſine pane*, becauſe they uſed no Bread, or from ἀμαζῶν becauſe they uſed to live together: The *Germans* call them **Mazones**, and derive them from the *German* Word **Matza**, which ſignifies a *Virago*.

They were originally of *Scythia*, and accompanied their Huſbands, who were *Cimbrians*, to the Banks of *Thermodon*, a River whoſe Riſe and Fall is in the **Pontus** *Polemoniacus*; This was in the Time of Bojus the 12th King of *Germany*, who was Cotemporary with *Moſes* and *Joſhua*. See the next Table.

The Leaders of theſe **Scythians** into *Cappadocia* were Plinus and Scolpythus or Scolophites, two young Men of a great Family, baniſh'd by Civil Wars. They held a great Hand over *Themiſcyrij*, who inhabited *Cappadocia* and the adjacent Countries; but in the End, their Enemies having drawn them into Ambuſhes, cut them all to Pieces; and their Wives not being able to endure both Exile and Widowhood, and ſuch Extremity of Grief and Fear, they ſet upon the Conquerors under the Conduct of

Lampedo and Marpesia or *Marteſia*, and not only overthrew them, but vaſtly enlarg'd their Dominions, and for ſome time continued in great Reputation. They reign'd in the Time of **Avelger** the 14th King of *Germany*. See the next Table.

Now the Names of their Queens, at leaſt of ſo many as occur in Hiſtory, are theſe following.

I. { Lampedo or *Lantpotis*. } were Cotemporaries, only Lampedo rul'd at home, and Marpesia abroad, carrying on the Wars.
{ Marpesia or *Marteſia*, or **Martpeis**. }

II. Ortara of whom no more. We read next of,

III. Antiopa, whoſe Siſters **Hippolite** and **Penalippe** challenged **Hercules** and **Theſius** to a ſingle Combat, and to their great Renown were at laſt with Difficulty overcome by theſe Heroes. We read next of

IV. Penthiselæa who came with a Troop of brave *Viragoes* to the Aid of **Priam** King of **Troy**, in his War with the *Grecians*. She invented the *Battle-Ax*, and was at laſt ſlain, according to ſome by **Achilles**, but according to others by **Pyrrhus** the Son of *Achilles*; and as ſhe died ſhe made her Conqueror to fall in love with her. We have no more of their Names mention'd during ſome hundred Years, 'till

V. Minotea deſcended in a right Line from the former Queens, who had ſuch a Regard for her beautiful Daughter, that ſhe would not allow her Right-Breaſt to be cut off, as was the Cuſtom of her Predeceſſors, and ſhe was ſucceeded by the beautiful

VI. Thalestris, who took away that Savageneſs uſed by her Predeceſſors, in either killing or expelling the *Male* Children, and her Subjects became valiant by her Example. She is reported by ſome to have come to **Alexander** the *Great*, and in plain Terms told him ſhe came to be his Bed-Fellow, and ſo by Degrees this warlike Female Nation was extinct.

In the Vocables of *Saxony* and *Heſſia*, there are ſome Veſtiges of the Name **Aſkenaz**, and from him the *Jews* call the *Germans* **Aſkenaz**; but in the *Saxonic* and *Italian*, They are call'd **Tuiſcones**, from TUISCO his other Name.

In the 25th Year of his Reign, He partition'd his Kingdom into *Toparchies*, *Tetrarchies*, and *Governments*, and brought Colonies from divers Parts to increaſe it. He built the City *Duisburg*, made a Body of Laws in Verſe, and invented Letters, which *Kadmus* afterwards imitated; for the *Greek* and *High Dutch* are much alike in many Words.

ASKENAZ had a Brother call'd SCYTHA (ſay the *Germans*) the Father of the *Scythians*; for which the *Germans* have been of old call'd **Scythians** too, (very juſtly, becauſe They came moſtly from old *Scythia*) and **Germany** had ſeveral ancient Names; for that Part next to the *Euxin* was call'd *Scythia*, and the Country of the *Getes*, but the Parts *Eaſt* of the *Viſtula*, or *Weyſſel*, were call'd *Sarmatia Europæa*: and *Weſtward* it was call'd *Gallia*, *Celtica*, *Alemannia*, *Francia*, and *Teutonia*; for *old* **Germany** comprehended the far greater Part of *Europe*, and thoſe call'd **Gauls** were all *old Germans*, who by ancient Authors are call'd *Celts*, *Gauls*, and *Galatians*; which is confirm'd by the Hiſtorians *Strabo* and *Aventinus*, and by *Alſtedius* in his Chronology, Page 201, &c.

For then we read of theſe petty **German** Kings, *viz.* BELLEVOSUS *der* **Baldweiſs**, SIGOVESUS *der* **Sygweiſs**, HELITONUS *der* **Held**, and MEDO, under whom the *Ligures*, *Inſubres*, *Suevi*, *Senones*, *Sicambri*, *Cimbri*, *Chamani*, and other Nations of **Gaul** and **Germany**, paſs'd over the *Alps*, and ſpread themſelves over the North of *Italy*: after whom followed King CICONIUS *der* **Zecco**, with his *Boji*, (that had been expell'd from *Bohemia* by the **Marcomanni**, a *Suevian* Nation) and croſſing the *Po*, They expell'd the old *Hetruſci* and *Umbri*, poſſeſſing all to *Ancona*. They built or enlarged the Cities *Comus*, *Bergamus*, *Trent*, *Vincentia*, *Mutina*, *Parma*, and *Bononia*, the Capital of the 112 Tribes of the **Boji**, call'd by them *Bojobonia*.		
About the End of *Tarquinius Priſcus*, BRENNUS King of the *German* **Suevi** began a War againſt the *Romans* in *Italy*, that laſted 110 Years. He built or inlarged the Cities *Hochoſena*, *Teutonica*, *Sena*, *Verona*, *Brixia*, *Ticinum*, and *Milan*, about the Time that the **Capitol** of *Rome* was built by the laſt *Roman* King **Tarquinius Superbus**.		
RHETUS a *German* King led the *Thuſci* to the *Alps*, and there founded the Nation of the *Rhetians*; while the *Sacæ* or *Saxons* perform'd great Exploits with the *Grand* **Cyrus** the Founder of the *Perſian* Monarchy.		
LANDINUS, or *Laudinus der* **Laudin**, King of the *Getes* and *Scythians*, that were the Oriental *Germans*, overcame **Darius Hyſtaſpes** King of *Perſia*, who had croſs'd the *Danube* with 700000 Men. See Page 103.	236	3491 513
In the Days of **Artaxerxes** *Longimanus* King of *Perſia*, who began,	285	3540 464
We read that 300000 *Germans* travell'd into ſeveral Parts to find out new Settlements, among whom was the King of the **Angili**, in *German* **Suevia**, whoſe Son		
BRENNUS led a Party into *Italy*, while ſome of them went round the *Illyrian* Bay, and ſettled in *Pannonia*; but		
King BRENNUS by an Embaſſy made a League with **Dionyſius** King of *Sicily*, the Enemy of the *Romans*; and being ſtrengthned by the *Teutones*, He commenced a fierce War againſt *Rome*; and the *Germans* that had ſettled in *Italy* before, being ſtrengthned by his Alliance, took in the reſt of the Cities of *Hetruria*, while He with his valiant *Suevi*, or *Senones*, marched towards *Rome*, which being abandon'd by the Body of the People, he eaſily enter'd, ſlew the *Senators* in their gorgeous Attire, and laid Siege to the *Capitol*; but was totally routed by the brave **Camillus**, Page 235, and 236.	360	3615 389
But tho' the *Roman* Hiſtory calls them **Gauls**, They were truly the *German* **Suevi**, and other *German* Nations, as the **Gauls** were likewiſe old *Germans*.		
MATHÆAS King of the Oriental *Germans*, near the *Euxin* and the *Danube*, was defeated by **Philip** III. King of *Macedon*, the Father of *Alexander* the *Great*, who invaded their Country for the ſake of Spoil: but in his Retreat the *Germans* defeated and wounded him.	402	3657 347
The *Germans* afterwards defeated *Zopyrion*, one of **Alexander**'s Generals, ſent alſo Auxiliaries to **Darius** *Codomannus*, and the *Norici* and *Boji* proclaim'd War againſt **Alexander**, as it is rehearſed in old *German* Songs.		
After the Death of **Alexander** *the Great*, we find theſe petty *German* Kings, BELGIUS, BRENNUS, ARICHORIUS, EURIDANUS, THESSALUS, LOMNORIUS, (or *Leonorus der* **Lenhard**) LUTHARIUS, (or *Lutherius*, or *Lotharus der* **Luther**) and DROMICHITES. **Brennus**, **Euridanus**, and **Theſſalus**, led the **Celts** or *Cimbri* into *Greece*; **Lomnorius** and **Lotharius** marched into *Thrace*, and fought **Lyſimachus** and **Caſſander**: **Dromichites** King of the *Getes* took King *Lyſimachus* in Battel, and honourably releas'd him; **Belgius** invaded *Macedon*, and cut to Pieces *Ptolemy Ceraunus*	470	3725 279
Theſe alſo in the *Greek* Hiſtories are call'd **Gauls**, and were moſt of them cut off in attempting to conquer *Greece* (See *Polybius*) and the Remainder of them marched into the Service of **Nicomedes** King of *Bithynia*, who gave them the Country called from them *Gallo-Græcia*, and *Galatia*, where They became terrible, Page 148.		
But the *German* Nations in the *Weſt* were not ſo terrible; for the **Romans** began to defy them in *Italy*, call'd there **Gauls**; and tho' the **Geſſatae** came to their Aid, the *Romans* miſerably defeated them, and took Priſoner CONCOLITANUS, a King of the *Geſſatæ*,	524	3779 225
Nay the Conſul *M.* **Claudius Marcellus**, got the *Romans* to deny them Peace, and he was the *firſt Roman* that led an Army beyond the *Apennin* Mountains, and the Lake *Padus*.	527	3782 222
The **Gauls** or **Germans** in *Italy*, or the *Boji*, ſent for more *Geſſatæ* to aſſiſt them, and beſieg'd *Claſtidium*; but were totally routed by the brave **Metellus**, who ſlew with his own Hand VIRIDOMARUS *der* **Wirdmer**, or *Fridmayer* King of the *Boji*, Page 250.	528	3783 221
We read alſo how thoſe *old Germans* (commonly call'd **Gauls**) who ſettled in the North of *Italy*, at firſt aſſiſted the *Romans* againſt **Hannibal** the *Great*; but They defeated *Poſthumius* with his *Roman* Army, the ſame Year that **Hannibal** routed the *Romans* at **Cannae**: that after **Hannibal** left *Italy*, **Servilius** the Conſul attempted in vain to diſtreſs them; and afterwards the *Boji* defeated *Appius*, took him Priſoner, and took in *Placentia*, but that **Furius Purpurio** routed them, and ſlew three of their Chiefs; and that *Cethegus* and *Rufus* depopulated their Borders, and that *Valerius* defeated them and their Confederates near *Milan*, while their King or Imperator fought well, *viz*		
DORULACUS *der* **Durlach**, King of the *Boji*, who with his two Brothers BRITOMARUS *der* **Breitmar**, and ARIOVISTUS *der* **Ernveſt**, was overcome by the *Romans* about the Year,	524	3809 195
But King DURLACH often fought the *Roman* Conſuls *Sempronius*, **Scipio** *Africanus*, *L. Quinctius*, and *Cn. Domitius*, till at laſt *P. Cornelius Scipio Naſica* ſlew many Thouſands of thoſe *German* **Gauls**, broke their Courage, and made them glad to retire out of *Italy*, as far as the *Danube* and the *Drave*, about 400 Years after They made their firſt Settlement in *Italy*.	558	3813 191
And from this Time the *Germans* and *Gauls* are conſider'd as diſtinct or different Nations in Hiſtory, and They gave the *Romans* no Diſturbance till

The **Cimbrian** War began, when		
Celeus, Teutobochus, Bolus, and Divico, four *German* Kings, marched a great Army of the **Cimbri**, *Teutones*, and *Ambrones*, over the *Rhine*, often defeated the *Romans*, and totally routed the Conſul *Carbo*, who was glad to flee for his Life ; and having waſted *Illyria*, They marched to the *Helvetians* and *Tigurins*, who are old *Germans*, and with them They over-ran all **Gaul**, paſs'd over the *Pyrenean* Mountains into **Spain**, and did there what They pleas'd, till repulſed by the *Celtiberians*, They return'd to *Gaul* marching towards *Italy*, and ſmartly defeated *Silanus* the Conſul, ——	636 640	3891 113 3895 109
Divico the *German* King commanding the ſaid Confederates, defeated *Caſſius Longinus* the Conſul, with his Legate *Piſo*, who were both ſlain, and the *Roman* Priſoners were made to paſs under the *Jugum*, and ſoon after ——	642	3897 107
They cut off *Manlius* the Conſul, and *Cæpio* the Pro-Conſul in *Gaul*, aud all the *Roman* Army, about 90000 Men, near the *Rhone*, to the great Diſgrace of the *Roman* Name. ——	644	3899 105
And now nothing leſs than the Conqueſt of all *Italy* was deſign'd by them, which put *Rome* in great Conſternation, till reliev'd by the great Conſul **Marius**, who with a well diſciplin'd Army marched into *Gaul*, and routed the *Teutones* and *Ambrones* in two Battles, ſlaying 200000 of them, and taking 80000 with their King Teutobochus. But the *Cimbri* eſcap'd, marched over the *Alps*, and twice repulſed the Conſul *Catulus*. And next Year	647	3902 102
Marius and *Catulus* decided the Cauſe for *Rome*, by defeating the **Cimbri** now in *Italy* on their March towards *Rome*, ſlaying 140000 of them, with their Kings Boiorix and Celeus, and taking 60000, and the *Tigurins* ſhamefully fled away: for which **Marius** was declared the *Third* **Founder** of Rome, *Romulus* and *Camillus* being the other Two. Page 174. and 270.	648	3903 101
Mithridates the *Great*, the King of *Pontus*, invited the *Germans* into Alliance with him againſt the *Romans*. ——	658	3913 91
About this Time the old *German* **Saxons** had Kings and Princes. See the following Table.		
The *Boji* and other old *German* Nations, that lay next to *Gaul* and *Italy*, were indefatigable in oppoſing the *Romans* ; particularly when **Julius Caeſar** marched into *Gaul* : For		
Numejus had brought 30000 *Boji* from *Noricum*, to their Neighbours and Kinſmen the *Helvetians*, who join'd to waſte *Gaul* on that Side, and projected to invade *Italy* : but **Julius Caeſar** defeated them at *Geneva*, and at the *Rhone*, and ſent home the *Helvetians*, and ſettled the *Boji* in **Gaul**. ——	691	3946 58
Voccio King of the *Norican Germans*.		
N. N. his Wife.		
Ariovistus King of the *Germans*, had brought a Colony of 120000 *Germans* over the *Rhine*, and waſted **Gaul**, but He was routed by **Julius Caeſar**, and fled. **Caeſar** ſlew and expell'd out of *Gaul* 43000 *Germans* of various Tribes, and marched into *Germany* ; but was bravely repulſed by the *Suevi*, the *Sigambri*, the *Eburones*, and other *German* Nations, and was forced by Preſents to obtain a Peace with them ; about ——	697	3952 52
Boerobistas a *Dacian* King ſucceeded **Ariovistus** in *Eaſt Germany*, greatly extended his Empire, croſs'd the *Danube*, and diſtreſs'd the *Romans* about the Time that **Caeſar** became perpetual Dictator. ——	701	3965 48
He waſted *Thrace*, *Macedon*, and *Illyricum*, and became terrible to *Rome* itſelf. He diſpers'd the *Boji* among other Nations ; and not much more Mention is made of them in Hiſtory ; for now moſt great Actions come to be aſcribed to the **Goths**, and other Nations of the *old Germans*.		
Cotison King of the *Getes*, (then *Germans*) became ſo conſiderable, that **Auguſtus** *Cæſar* offer'd his Daughter *Julia* to him, and deſired *Cotiſon*'s Daughter for himſelf.		
Auguſtus ſent *Vibius* and *Vinicius* to ſubdue the **Pannonians**, and *Lentulus* to repulſe the **Goths** and **Getes**, then call'd *Daci*, who ſlew three of their Leaders, particularly King Cotison. Mean while		
Deddo King of the **Moeſians** and **Baſternians** North of the *Danube*, was routed and ſlain by *Marcus Craſſus* in the 5th Year of **Auguſtus**. ——	724	3979 25
Melo King of the **Sicambri**, or *Beſtofali*, the **Uſipetes** and **Teuchteri**, invaded *Gaul*, and beat *Lollius* the Pro-Conſul ; tho he rallied and beat them over the *Rhine*. ——	733	3988 16
Next Year **Druſus** and **Tiberius** the Sons of the Empreſs *Livia*, were ſent againſt the *Germans*, and entriely ſubdued the *Rhetians* about *Trent* ; while **Auguſtus** marched into *Gaul* to ſettle that Province, and to make Peace with the *Germans*, by many rich Preſents made to Marobodus a great *German* King, who enter'd into an Alliance with **Auguſtus**. ——	735	3990 14
But all the *Germans* oould not be bribed into Peace ; and therefore **Agrippa** was ſent by his Father-in-law *Auguſtus* againſt the **Pannonians**, who ſubmitted to his Terms by the Terror of his Name.		
And returning **Agrippa** died in *Campania* much lamented ——	737	3992 12
While **Druſus** defeated the *Germans* on the *Rhine*, ſail'd down that River, ſubdued the *Friſians*, and was the *firſt Roman* that ſaw the *German* Sea. And next Year		
While **Tiberius** marched againſt the *Dalmatians* and *Pannonians*, his Brother **Druſus** hunted the *Catti*, *Sicambri*, *Suevi*, and *Cheruſci*, till he was almoſt inſnared by them.		
Druſus now Conſul drove the *Germans* into their Woods and Deſarts, till a *German* Woman of a monſtrous and Gigantic Size, ſtopt his Motion, by ſaying to him in the *Roman* Language, *O* **Druſus**, *whither will thy boundleſs Ambition hurry Thee ? the Fates have not allow'd to ſee all Places ; retreat, for the Period approacheth of thy Life and Actions* ; or to that Purpoſe. Accordingly **Druſus** died in his Retreat, and obtain'd the Surname of *Germanicus*.	740	3995 9
Tibericus ſucceeded *Druſus* in that Command, who marched againſt the *Marcomanns*, and by Art and good Preſents conciliated the Friendſhip of the *German* Nations near the *Rhine* ; and having planted 40000 of them in *Gaul*, he return'd to *Rome*, got the Title of *Imperator*, and the Honours of a Triumph over the *Germans*.	742	3997 7
This was the Situation of the **Germans** before the *Chriſtian* **Era**, when Anserich the ſecond King of the old *German* **Saxons**, reign'd near the River *Elbe*, as in the following Table.		
	A. D.	
Harminius, or *Armenius*, (the Son of *Segimarus*) King of the **Cheruſci** *der* **Hertziſchen**, who dwelt near the *Hereynian* Foreſt, prevail'd with **Libes** High Prieſt of the **Catti**, with **Segimundus** the Son of *Segeſtus*, High Prieſt of the **Cheruſci**, with *Veromarus*, *Cattus*, *Egimarus*, and his Son *Seſithacus*, Noblemen of the *Cheruſci* ; and with **Berthorites** (the Brother of Melo King of the *Sicambri*) and his Son *Theodericus*, to conſpire againſt the *Romans*, and artfully executed the Plot. For the ſame Year that **Tiberius**, and his Nephew *Germanicus Cæſar*, (the Son of *Druſus Germanicus*) had obtain'd triumphal Honours for reducing King Betho with his *Pannonians* and *Dalmatians*. ——	10	
Quinctilius Varus, fitter for a Judge than a General, was ſhamefully decoy'd by the *Germans* into their Woods and Marſhes, where he was cut off, and with him *Three* of the moſt complete *Roman* Legions at *Paderborn*, by King Harminius, who was therefore call'd the *Saviour* of **Germany**, (ſays *Tacitus*) as King Marobodus was call'd the *Traitor* of his Native Country, and was forced to flee like a Traitor into the hidden Places of the *Hereynian* Foreſt for Shelter ; becauſe he was ſo ſtrictly attached to the *Romans*, and was a Penſioner of **Auguſtus**.		
The *Emperor* forthwith ſent **Tiberius** and **Germanicus** againſt Harminius, but they carefully avoided the Miſtake of *Varus*, and at the End of the Year they return'd to *Rome*. But while **Auguſtus** was contriving how to ſubdue thoſe *Germans*. He died aged 76 Years. ——	11 15	
In the 3d Year of **Tiberius**, his glorious Nephew *Germanicus* **Caeſar** defeated in ſeveral Battles the *Cheruſci*, the *Chatti*, the *Augrivarij*, and other fierce *German* Nations between the *Rhine* and the *Elbe*, and recover'd the *Enſigns* loſt by **Varus** ——	17	
But **Tiberius** decoy'd **Germanicus** from *Germany*, ſent him againſt the *Parthians*, and ſent *Piſo* to poiſon him, the ſame Year that he brib'd the Kinſmen of King Harminius to murder him. But the Emperor being lazy and retired,	20	
The *Germans*, call'd **Dacians** and **Sarmatians**, took Poſſeſſion of the Country of *Mæſia*, while the more *Weſtern Germans* waſted **Gaul** ; which he never attempted to recover, and died in the 22d Year of his Reign ——	36	
Nor were the *Germans* moleſted by the Emperor **Caligula** ; for he made only a ſham Expedition into *Germany* ; and having ſeen the *German* Ocean at *Holland*, and pickt up a few Shells at the Sea Coaſt, he return'd like a comical Fool as he was.		
About the 3d Year of **Claudius** the *Cheruſci* wanting a King ſent to *Rome* to requeſt to have for their King Italus the only Relict of the Royal Race, then at *Rome*, by the Father deſcended from **Flavius** the Brother of King Harminius, and by the Mother from **Cathomarus** Prince of the *Chatti* ; but we have not his Offſpring.	45	
In the Reign of the Emperor **Galba**, the *Roman* Armies both in upper and lower *Germany*, proclaim'd **Vitellius** *Emperor* about ——	69

	In the Reign of **Veſpaſian**, **Claudius Civilis** *Batavus*, **Brenno Caninefas** *Selandus*, **Julius** *Sabinus*, **Lingon** and **Tullius Valentinus** *Trevir*, who was of the old *Royal* Race, mov'd War againſt the *Romans* in *Germany*, while Sido and Italus, Kings of the **Suevi**, aſſiſted the Emperor againſt them	70
	About the ſame Time the **Sarmatae** croſs'd the *Danube* and invaded *Mœſia*, but were bravely repulſed.	
	In the Reign of **Domitian** the *European* **Sarmatae** diſtreſs'd the *Romans* in *Germany*, but were repulſed	85
Decebalus	And in the eighth Year of his Reign the *Dacians*, a *German* People made up of *Scythians*, *Goths* and *Getes*, under their King, bravely and often defeated the *Romans*, 'till they were bribed into Peace by large Preſents, that unjuſtly procured for *Domitian* a Triumph, as he had another for defeating the **Catti** in *Germany*, for which he aſſum'd the Name of *Germanicus*	80
	But the Emperor **Trajan** built a ſtately Bridge over the *Danube*, conquer'd the *Dacians* and reduced their King Decebalus to ſlay himſelf rather than be taken Priſoner; when *Dacia* was made a *Roman* Province, where **Trajan** built many Cities, Towns and Forts	104

	And ſo **Aurelius** proſecuted the *German* War alone very ſucceſsfully, defeated the Confederates and recover'd *Pannonia*, but cou'd do no more, becauſe of the Revolt of **Caſſius** in the *Eaſt*, which made the Emperor return to *Italy*, and leave *Germany* in the beſt State he could	171
	But the **Marcomanni** and **Quadi** renew'd the War with more Fury, and the *Romans* not raiſing their Taxes, the *Emperor* ſold all his Jewels and rich Furniture to raiſe an Army, and march'd againſt the Enemy, croſs'd the *Danube* by a Bridge of Boats, defeated them at firſt, but was drawn by them into a dangerous Situation, where he and his *Romans* had periſh'd if God had not ſent great Showers to refreſh them, upon which they obtain'd a great Victory	174

	Diocletian ſubdu'd alſo the *Sarmatians*, and having repulſed the **Goths** in *Pannonia*, he built Forts on the Frontiers.	289

	The Emperor **Conſtantius** recover'd *Belgium* from the *Franks*, and *Rhetia* from the *Almans*, ſlaying 60000 of them	296
	And now after, by the Aid of the **Goths**, the *Romans* had ſuppreſs'd the *Quingentiani* of *Africa*, they began to ſlight the brave **Goths**.	
	Conſtantin *the Great* made a Bridge to paſs over the *Rhine* at *Cologn*	308

Chodonomarius	the chief King of the *Germans* was taken Priſoner at *Strasburg* by **Julian** in the Reign of *Conſtantius*	357

TABLE CCXXXVI.

I Now come to the **Genealogical** *Tables* of the *Six* Temporal ELECTORS of the *Roman German* **Empire**, without regarding their Dignity or Precedency in the *Electoral* College or *Dyet*, about which and other Things relating to them, there are many Controverſies that properly belong to *Hiſtorians* and *Civilians*; therefore I have choſen to treat of them in the following Order, *viz.*

1. BOHEMIA the *Great* **Cupbearer.**
2. SAXONY the *Great* **Marſhal** or *Conſtable.*
3. BRANDENBURG the *Great* **Chamberlain.**
4. BAVARIA **Grand Maſter.**
5. PALATINE *Grand* - - -
6. HANOVER the *Great* **Treaſurer.**

Of the **German** EMPIRE.

I. Of BOHEMIA.

The Word **Bohemia** ſignifies the *Dwelling of the* **Boji**, an old Nation of *Gallic-Germans*, who, under the Conduct of **Sigevetus** Nephew of **Ambigetus**, in the Days of *Tarquinius Priſcus* King of *Rome*, about the Year *before Chriſt* 587. expell'd the *Hermandures* and the *Nemetes* from this Country, ſituated in the Bottom of *Germany*, ſurrounded with the *Hercynian* Foreſt, whoſe Deſcription I leave to *Geographers*. Afterwards MARABODUS Chief of the **Marcomans**, in Time of the firſt *Roman Emperors*, deſigning to make himſelf King of the Old **Suevi**, choſe **Bohemia** as a Place of Safety from the Incurſions of the *Romans*, and expell'd thence the *Boji*, whom he forced to retire to the Country of *Bayern* or *Bavaria*, ſtill ſo called after them. The **Sclaves** that came from *Scythia* (where the *Muſcovites* and *Tartars* now dwell) about *A. D.* 454. having made themſelves terrible by their Succeſſes over the *Eaſtern Empire*, were join'd by the *European* **Sarmatians**, and other Nations, and marching Weſtward, they invaded *Poland* and *Germany*, and dividing their Conqueſts among them, they founded two new States, *viz.* **Poland** and **Bohemia**: for a *Sclavonian* Prince call'd LECHUS, march'd from *Croatia* into *Poland*, where he founded that *Soveraignty*, *A. D.* 550. while the ſame Year his Brother CZECHUS march'd into *Bohemia*, and founded that *Soveraignty*, calling the Country *Cheſkazeme*, or the Land of *Chez*, or *Czechus*: but the firſt Name **Bohemia** was ſtill retain'd, even by thoſe *Sclavonians*, as to this Day. But according to others, CZECHUS could not well be the Brother of LECHUS; for They make the Reign of CZECHUS in *Bohemia* to commence only *A. D.* 644. which is more probable.

The *Old* DUKES of **Bohemia.**

1. CZECHUS the *Sclavonian* or *Croatian*, having founded this *Soveraignty*, was the *firſt* Duke of **Bohemia** *A. D.* 644. reign'd 17 Years, † 661. Some ſay that CROCUS his Succeſſor was his Son; but That dont appear.

Biela the Wife of *Kaſſal.*

Sudipraw Lord of *Bilin.*

Others ſay that **Mnatha** was ſucceeded by **Vorlcius**, and he by **Wenceſlaus**, and he by **Bela**, and he by **Naſtriceus**, and he by **Berzivoius** the firſt **Chriſtian** Prince.
But the other Line of Deſcent is more probable and plain.

Interregnum from the Death of CZECHUS 661. to the Commencement of CROCUS 670. during 9 Years.

2. CZOCUS, or *Cracus*, a noble *Croatian*, call'd the *Lycurgus*, or the Lawgiver, was of the ſame Family perhaps with **Czechus**, and became *Duke A. D.* 670. reign'd 39 Years, and † 709.

3. LIBUSSA was elected Dutcheſs of *Bohemia* 710. But the *Bohemians* being weary of her Government, they elected a common *Ploughman*, call'd PREMISLAUS, *A. D.* 722. and made him her Husband. She † 734. reign'd alone 12, and with her Husband 12 Years.

4. PREMISLAUS I. was elected Duke of *Bohemia*, 722. after this Manner, *viz.* LIBUSSA having many Suitors, it was agreed that whoever he was before whom a *Horſe* purpoſely let looſe, did firſt make a Stand, ſhould be the Husband to the Lady, and Duke of *Bohemia*: accordingly this fortunate *Ploughman* had the Reſpect put upon him by the *Horſe*, and ſo was elected their Duke. He † 745. reign'd 23.

He built many Schools, and much advanced the Intereſt of *Chriſtianity*. — St. **Ludomilla** Counteſs of *Mielnick*, was ſtrangled to Death by Order of *Drabomira* her Daughter-in-law, 920.

14. WRATISLAUS I. Duke 907. † 916. reign'd 9 Years. He was a pious Prince, and during his Time *Drabomira* diſſembled her natural Enmity to the *Chriſtians*. — **Drahomira** famous for her Nobility and Beauty. She was at firſt favourable to the *Chriſtians*, but after her Husband's Death, ſhe treated them more barbarouſly than **Jezabel** did the Prophets. She was *Regent* from 916. to 921. when her Son arrived at Age, but at laſt the Earth open'd and ſwallow'd her alive in her Chariot.

15. I. WENCESLAUS I. ſurnamed the *Saint*, being under the Tuition of his Grandmother **Ludomilla**, was educated a *Chriſtian*, and after her Death was *Duke* 921. he was made the *firſt* KING of **Bohemia** 937. which ſo irritated his wicked Mother **Drahomira**, that ſhe contriv'd his Death: Accordingly ſhe invited him to the Baptiſm of her Grandſon **Boleſlaus** *Pudicus*, where ſhe got his Brother **Boleſlaus** *Savus* to ſlay him 28th *September* 938. reign'd 17 Years. Some ſay it was *A. D.* 929. Others 945.

16. TABLE CCLXIII.

The **Ducal**, now the ROYAL Houſe of **Pruſsia**.

PRUSSIA bounded on the *Eaſt* by *Lithuania* and *Podlaſſia*, on the Weſt by *Pomerania*, on the *North* by the *Baltick* Sea, and on the *South* by *Poland* and *Maſſovia*, was anciently inhabited by the *Venedi*, the moſt potent Nation of this Tract, extended all along the Coaſt of the *Baltick*, and whoſe Kings were deſcended from ARTHYRIUS I. the firſt *King* of the *Heruli* on the Eaſt Sea or *Baltick*, who reign'd *A. M.* 3684. before *Chriſt* 320. See Table 138. Theſe **Venedi** were ſo powerful, that they kept under them the *Gythones*, *Phini*, *Sulanes*, *Phrungudiones*, *Avarini*, the *Sodini* and *Galindæ*, whoſe Name the Dukedom of *Galindia* ſtill retains.

The **Boruſſi** a People inhabiting the Foot of the *Riphæan* Mountains, being weary of their own cold and barren Habitations, remov'd into the weſtern Parts, and vanquiſhing the **Venedi** and thoſe other Nations, poſſeſs'd themſelves of this Country, which they call'd **Boruſſia**, now by Contraction **Pruſſia**, which was partition'd into 12 Provinces or Dukedoms by **Venedus**, one of the *Boruſſian* Princes, who having 12 Sons, gave each a Part, and in this Condition it continued 'till the coming of the **Marian** *Knights* or the Knights of the **Teutonic** *Order*, ſent hither by the Emperor FRIDERIC II. *A. D.* 1215. by whom the Dukedoms of *Sadavia*, *Michelow* and the moſt of *Nadravia* were made deſolate, and the reſt ſubmitted themſelves and embraced Chriſtianity, and continued in their Obedience 'till *A. D.* 1419. when, weary of the Extortions of their Governors and the continual Change of *Maſters*, they revolted to JAGELLO King of *Poland*, and *A. D.* 1457. the Garriſon Soldiers ſold *Marienburg* and ſeveral other Towns to CASIMIR IV. King of *Poland*. But the **Knights** diſdaining ſuch Uſage, and refuſing to ſwear Allegiance to the King of *Poland*, a bloody War enſued. At firſt LEWIS, then **Grand-Maſter** of the **Teutonic Order**, beat the King out of the Field, routed his whole Army, ſlew 30000 of his Men, and took 136 of his principal Nobility; nor was he vanquiſh'd at laſt but by the Treachery and Rebellion of his own People. In ſhort, both Parties being wearied with ſo long a War,

ALBERT of *Brandenburg* **Grand-Maſter**, having for 14 Years valiantly maintain'd the Honour of his **Order**, and for the four laſt Years importun'd in vain the Aſſiſtance of the *Emperor* and Princes of *Germany*, began to think of ſome Expedient to compound the Affair. He favour'd **Luther**'s Doctrine, and ſecretly practiſ'd with SIGISMUND King of *Poland* to finiſh the War to the Advantage of both Parties; accordingly an Agreement was made, by which ALBERT was to relinquiſh his **Order** and ſurrender *all* **Pruſſia** into the Hands of the King of *Poland*, and the King poſſeſſing the *Weſtern* Parts with the Town of *Marienburg* and the Soveraignty of *Dantzig* and *Melving*, ſhould inveſt ALBERT with the Title of **Duke** of **Pruſſia**, granting to him and his Heirs the *Eaſtern* Moiety, containing the Provinces above ſpecify'd; and finally, that ALBERT and his Heirs ſhould hold the ſame Eſtate as *Homagers* to the Crown of *Poland*, taking Place in all Aſſemblies at the King's *Right-Hand*. According to this Agreement *A. D.* 1525. *Nov.* 22.

ALBERT attir'd in the compleat gorgeous Habit of **Grand-Maſter** of the **Teutonic Order**, preſented himſelf on his Knees before SIGISMUND on his Throne at *Cracaw*, who raiſing him from the Ground caus'd him to put off theſe *Robes* and attire himſelf in a **Ducal** *Habit*; and ſo he was created the *firſt* **Duke** of PRUSSIA, whoſe Genealogy and Succeſſors are as follow, *viz.*

After Them, in the Declenſion of the *Empire*, ſucceeded the **Boiarians**, ſome of the many Tribes of the **Boji**, the moſt diffus'd and numerous People of *Gaul* and *Germany*, inhabiting the Dukedom of *Bourbon*, from whence ſome of them joining the *Senones* and other *Gauls*, paſs'd the **Alps**, and poſſeſs'd the Country between the *Apennine* and the *Po*, from whence, after various Conflicts with the *Romans*, (who depriv'd them of Half their Country) ſome of them paſs'd into *Germany*, and mingled themſelves with the *Tauriſci*, a People then inhabiting thoſe Parts now call'd *Steyermark* or *Stiria:* Others of them advanced farther among the *Norici*, and ſome retir'd into the Shelters and *Faſtneſſes* of the **Hercynian** Foreſt; and being expell'd thence by the *Marcomanni*, they fell into the Countries of the *Hermanduri* and *Norici*, (now the *Upper* **Palatinate**) who mingling into one Nation with them, took the common Name of *Boiarians*; by which Name They were firſt known in the Time of Clodovæus I. THE antient Inhabitants of this Country were the **Dugublini** of *Tacitus*, with ſome of the **Chauci** and **Cheruſci**, who ſhamefully routed *Quinctilius Varus* and cut him off with his three *Roman* Legions; which greatly afflicted the *Emperor* Augustus, and made him ravingly often ſay, *Vare redde Legiones! O Varus reſtore my Legions!* They long maintain'd their Independency (for the *Romans* became afraid of them) and were early blended with the **Saxons**, making one general ſort of People inhabiting a Part of the Kingdom of *Old Saxony*, whoſe Kings are together in Table 215. of whom the fourteenth King. *viz.*

14. **Hengſt** or HENGIST, upon the Invitation of the antient *Britons*, came to their Relief againſt the *Scots* and *Picts* in the Declenſion of the *Roman* Empire, and arrived in the little Iſle *Thanet*, *A. D.* 448. with his Brother *Horſa* and his Army of **Angles**, a People from *Gottorp*, *Hamburg* and *Luneburg*, or firſt *Engliſhmen*, founded the Kingdom of *Kent*, and † *A. D.* 474. being ſucceeded in *Saxony* by one of his Sons call'd

15. Hartwaker Prince of the *Saxons* in *Germany*, † 480.
16. Hattwigate Prince of the *Saxons* in *Germany*, † 524.
17. Hulderic King of the *Saxons*, † 540.
18. Bodicus Prince of the *Saxons*, † 586.
19. Berthold King of the *Saxons*, † 633.
20. Sighard King of the *Saxons*, † 691. ∪ ***Julanda***
Billung King of the *Vandals.*
Radbod King of *Frieſland.*
21. Dieteric King of the *Saxons* † 740. ∪ **Dobrogera.**
Heila. ∪ 22. Ethelhard King of the *Saxons.*
23. Wernicke King of the *Saxons*, † 768. ∪ **Gunilda** of the Iſle of *Rugen.*

Albion was baptized with his Couſin Witekind the *Great* 785.

Herman ſlain by Charlemain 798.

24. WITEKIND the *Great* the laſt King of the **Saxons** conquered by Charlemain 785. and conſenting to be baptized, the Conqueror made him the *firſt Duke* of *Old Upper* **Saxony**, or on the *Weſer*, and † 807.

Witekind the *Great* was the **Patriarch** of moſt great Families in *Europe*, who all think it their Honour to be deſcended from him. (See his four fruitful Branches Table 215.) and among the reſt, This of **Braunſchweig Luneburg** is deſcended from Witekind, as in the next Table.

It remained a Part of the *Great Old Dutchy* of **Saxony**, till Herman Billung Lord of *Luneburg* was by the *Emperor* Otto I. made Duke of *Lower* **Saxony** or *on the Elb*, even that Part of the *Old Dutchy* of *Saxony* that comprehended the Country of **Luneburg**, *A. D.* 960. as in the next Table.

But the *Male Iſſue* of this great Family is from Azo III. *Markgrave* of **Eſte**, whoſe Wife **Cuniſſa** was the Siſter of Welpho IV. (III.) and Heireſs of *Lower Bavaria*; and by her this Family is deſcended of the Welphish Race alſo. **Azo**'s Son by *Cuniſſa*, or Welpho V. (IV.) was the Father of Henry *Niger* who married Wolphildis Heireſs of the *Lower* **Saxony** *on the Elb*, the laſt of the Race of **Herman Billung** (as in the next Table) whoſe Son Henry *Superbus* married **Gertraut** the only Daughter of *Lothary* and *Richenza*, the laſt of the Branch of Witekind the *Great*, and Heireſs of the *Upper* **Saxony** on the *Weſer*, which contain'd the Lands of **Braunſchweig**, as in the next Table.

Thus Henry *Superbus* had all *Bavaria*, vaſt Dominions in *Italy* and both the *Saxonies*; but the *Emperor* Conrad III. took all from him except **Saxony** which he kept by Force of Arms; and his Son Henry the *Lyon*, (who married **Maud** Daughter of Henry II. King of *England*) poſſeſſed vaſtly large Dominions, but by the *Emperor* Frideric *Barbaroſſa* he was deprived of all, except his *Allodial* Eſtate of **Braunſchweig** and **Luneburg** which was poſſeſs'd by his *three* Sons, *viz.*

Henry *Longus* who got **Zelle.** | WILLIAM of *Wincheſter* who got **Luneburg.** | OTTO who got **Braunſchweig** and † without Iſſue. | **Maud** Wife of **Henry** Prince of the *Vandals.*

And from Henry, WILLIAM and **Maud** are deſcended moſt of the great Families in *Europe*, as in Table 284.

And as this eminent Family has given **Emperors** to *Germany*, it has at laſt produced the preſent *Royal* Family of **Great Britain** deſcended from King James VI. of **Scotland** and I. of **England**, whoſe Daughter Elizabeth Queen of **Bohemia** was the Mother of the *Princeſs* SOPHIA *Electrice* of **Hanover** the firſt Proteſtant *Heir* and Mother of King GEORGE I. the Father of King GEORGE II. and the *preſent* Queen of **Pruſſia.**
